

Inundation depths less than 0.2m are not displayed, removing areas of minimal impact whilst providing a more representative flooding extent at the shoreline.

Figure C4: Derby Coastal Processes Setback 2015

Project: Derby Coastal Vulnerability Study

Client: Shire of Derby / West Kimberley

Plan Number: EP14-033(05)--F95a

Drawn: KNM Date: 19/01/2017

Approved: JC Date: 19/01/2017

Checked: JC Scale: 1:12,000@A3

0 250 500 Metres
