INJURIES MAR GLORY START

BEN SMITH

Perth Glory's A-League Women's campaign has been dealt a blow with a trio of important players suffering injuries on the eve of the season.

But new coach Stephen Peters is nonetheless excited for the season ahead and has refused to let it cloud the side's enthusiasm for their opening game of the fixture. Exciting winger Susan Phonsongkham is set to miss a sizable chunk of the season, with Peters revealing an ankle injury suffered in the NPL Victoria grand final in September required surgery. And high-level international signings Megan Wynne and Onyinyechi Zogg have also been sidelined, while incoming goalkeeper Casey Dumont is still contracted to AFLW side Hawthorn.

"Susan's got an ankle injury that she's unfortunately carried into the pre-season from the NPL grand final. She'll be out for a period of time — we're looking at three to four months," Peters said.

"That's a challenge for us, because she's a player with great quality."

Peters said Welsh international and ex-Tottenham winger Wynne has a wrist injury, while twice-capped Nigerian centre-back Zogg has a calf issue.

Despite the injuries he remained upbeat about the upcoming season, which begins with a trip away to reigning premiers Melbourne City on Sunday.

It will be Peters' first game as an A-Leagues coach.

Tour end back at Champs-Elysees

The Tour de France will finish at the Champs-Elysees in Paris once again in 2025, with the race featuring an all-French route for the first time in five years and its first finish at the Mount Ventoux since 2013.

The women's Tour will add a ninth stage to its program starting in Britanny and finishing in Chatel Les Portes du Soleil. The 2024 edition of the men's Tour did not finish in the French capital for the first time since the event started in 1903, with Slovenia's Tadej Pogacar crowned champion in Nice due to Paris hosting the summer Olympics. This year's Tour will kick off in Lille on July 5, with the first part of the 21 stages taking place mostly on plains before moving to more mountainous regions.
