Meeting	Officer/Director	Section	Subject
Council 25/11/2021	Hartley, Neil Dexter, Amanda	Matters for which the Meeting May Be Closed (Confi	Derby Jetty - Insurance and Related Considerations
RESOLUTION 159/21			
Moved: Cr Paul White			
Seconded: Cr Geoff Davis			
That Council:			
<ol style="list-style-type: none"> 1. Accepts the position offered by Kimberley Ports Authority that the Derby Jetty can be insured for \$5.6m on the basis that in the event of a catastrophic event which destroyed the jetty, the jetty would not be reinstated or replaced utilising the existing design and specifications, and the intent would be to clear the site and reinstate a small recreational jetty (due to the change in demand and utilisation since the Jetty was first built); 2. Understands that any costs above the insured level would be the responsibility of the Shire to bear, and asks that the Chief Executive Officer arrange for engineering studies to be sought to confirm the most prudent level of insurance that should be set, such that removal of debris/clean-up can be undertaken, and construction/reinstatement of a small recreational jetty to replace the existing structure can be achieved, without there being any undue risk of excess costs resulting. 3. Confirms the need to maintain current levels of insurance levels (until 2023 when the MPA Fish Farms Lease is due to expire) unless legal advice is obtained that reasonably allows the changes to be brought in earlier; 4. Notes that the eventual lease renegotiations with Kimberley Mineral Sands will need to accommodate a mutually agreed position on jetty insurance; 5. Requires the Chief Executive Officer to pursue the implementation of a Deed to suitably modify the insurance clauses of the Head Lease (from “replacement”, to a “removal of debris/clean up only” clause); 6. Requires that any future Derby Port/Jetty Leases provide clarity on the Shire’s capacity going forward to undertake Jetty maintenance or replacement, and that the Shire’s position be suitably protected; 7. Requires that a Derby Port Masterplan workshop be scheduled with Councillors, to outline options available for the sustainable operation of the Derby Port; and 8. Requires that a review of Derby Jetty fees/charges be undertaken and a report be presented to Council on the options available to it.

Revised Target Date changed by: Hartley, Neil From: 9 Dec 2021 To: 30 Jun 2023

Reason: Insurance changes can be accommodated by LGIS, but can generally only occur once each year, on policy renewal (end of financial year). Insurance change is also subject to Kimberley Mineral Sands and MPA Fish Farms lease clauses and commitments. It is hoped that a change to Removal of Debris Only insurance can be arranged to occur from 1 July 2023.

5 Dec 2022 - 2:26 PM - Neil Hartley

Revised Target Date changed by: Hartley, Neil From: 30 Jun 2023 To: 30 Jun 2023

RESOLUTION 150/22			
Moved: Cr Paul White			
Seconded: Cr Andrew Twaddle			
This recommendation was changed and workshopped by Council at the 24 November 2022 Ordinary Council Meeting and is now put for consideration.			
That Council:			
<ol style="list-style-type: none"> 1. Express its appreciation to the Shire's Fitzroy Crossing staff for endeavouring to maintain a workable service to the Fitzroy Crossing community, notwithstanding the extremely difficult circumstances that presently prevails in that location, and express its empathy to staff and their families for any physical and psychological violence or stress suffered by them as a direct consequence of elevated violence within the Fitzroy Crossing community; Council accepts that it needs to take appropriate actions to protect its employees; 2. The actions of the Chief Executive Officer to immediately close the Fitzroy Crossing Administration & Visitors Centre to the public are to remain in place, until such time that a safe work environment consistent with the expectations of the Work Health and Safety Act 2020 can be provided for the Shire's staff; 3. Notes that in regard to (2), the Shire's customer services will be provided by appointment, other arrangement or via remote access where that is 			

available;

4. Notes that the WA State Government has a direct responsibility through the WA Police force's Policing Pillars to maintain a safe environment in Fitzroy Crossing, the Shire considers the situation in Fitzroy Crossing to be akin to an "Emergency Situation" and therefore requires WA Police to more satisfactorily meet those responsibilities, particularly the following key pillars not being maintained to date:

- (a) Pillar #1 - Enforce the Law; and
- (b) Pillar #2 - Prevent Crime;
- (c) Pillar #3 - Manage and Coordinate Emergencies - Coordinate multi-agency approaches to manage emergencies.

5. Authorises an immediate emergency 2022/23 budget allocation for the purpose of improving security and community/employee safety at the Shire's Fitzroy Crossing Administration, Library and Visitors Centre Building and its surrounds, and at Shire owned employee homes in Fitzroy Crossing in the immediate term as per the CEO's delegated authority. Funds to be allocated at the Chief Executive Officer's discretion so as to maximise safety but in a suitably cost conscious manner, reported monthly to council;

6. Requires the President and CEO to immediately and actively engage with the WA State Government Agencies to:

- (a) secure additional Police and other government resources for Fitzroy Crossing;
- (b) secure State Government grant funds to meet the costs outlined in (5); and
- (c) secure the necessary State (and Federal) Government services to address the existing issues within Fitzroy Crossing and to have those services remain until community concerns are addressed to meet community expectations;

7. Requires that the President and the CEO actively engage the media in all of its forms and across the widest practical levels, to draw to the attention of Fitzroy Crossing stakeholders that the Council is actively engaging in strategic discussions, taking direct action where it can, and redirecting its limited resource capacities to addressing the situation. Also, to highlight the Shire is actively engaging with the WA State Government to directly assist with addressing the issues within Fitzroy Crossing; and

8. Requires that the President and CEO arrange for suitable public consultation to occur in the district, to invite contributions from relevant stakeholders, particularly the local community and government agencies.

7.3 EX TROPICAL CYCLONE ELLIE IMPACTS - MODIFICATIONS OF A TEMPORARY NATURE TO PURCHASING POLICY AND CEO DELEGATION

File Number: 4160
Author: Neil Hartley, Director - Strategic Business
Responsible Officer: Amanda Dexter, Chief Executive Officer
Authority/Discretion: Executive

SUMMARY

Ex Tropical Cyclone Ellie has placed added demands on the Shire, one of them being to expedite the purchasing of goods and services so that the district's recovery from the cyclone can be achieved as soon as possible.

This report proposes to make a change of a temporarily nature, the existing CEO delegation as it relates to purchasing, and the existing purchasing policy, to ensure that goods and services are procured in the quickest and most responsible manner possible.

DISCLOSURE OF ANY INTEREST

Nil applicable by author.

BACKGROUND

Ex Tropical Cyclone Ellie has devastated parts of the district, and had a significant impact on Fitzroy Crossing in particular. It was proclaimed an eligible disaster under the Disaster Recovery Funding Arrangements WA, on 5 January 2023. Australian Government Reference Number 1044 (AGRN1044) was allocated to the event. "AGRN1044" has placed added demands on the Shire, one of them being to expedite the purchasing of goods and services so that the district's recovery from the cyclone can be achieved as soon as possible.

At the Special Council Meeting of 27 January 2023, Council considered the matter of emergency purchasing requirements to accommodate anticipated purchasing demands upon the organisation resultant from Ex Tropical Cyclone Ellie. At that meeting, emergency purchasing authority pursuant to s6.8(1) (c) of the Local Government Act 1995 was provided. The organisation is now needing to promptly initiate the provision of services and goods "on the ground" and seeks to expedite that purchasing process by temporarily extending the CEO's delegated purchasing limit to \$600,000 (up from \$250,000) for Ex Tropical Cyclone Ellie related purchases (following which the Shire's purchasing program should return to a more "normal" level).

The proposal is to initiate a change of a temporary nature, to the Shire's Policy AF1 (Procurement of Goods and Services) and also to Delegation 1.1.18 (Tenders for Goods and Services) as follows, to accommodate expedient Ex Tropical Cyclone Ellie purchasing requirements:

1. (F1) PROCUREMENT OF GOODS AND SERVICES

Modify part 5 Authorised Officers, by adding an additional authorisation level, authorising the Chief Executive Officer to sign official purchase orders and requisition Goods and services on behalf of Council, but only for the period limited period that purchasing relates to Ex Tropical Cyclone Ellie:

Limit	Officer
\$600,000	Chief Executive Officer (for purchases relevant to Ex Tropical Cyclone Ellie only)
\$250,000	Chief Executive Officer

Add the following new provision (as point #7) to the Policy:

7. AGRN 1044 – Ex-Tropical Cyclone Ellie (2023 Fitzroy Crossing Floods)

Procurement for goods or services under \$250,000 which are required as a result of Ex-Tropical Cyclone Ellie (AGRN1044) may be exempt from relevant quotation requirements where it can be demonstrated via the Shire’s Requisition Form that:

The district’s commercial and its Aboriginal businesses can provide the quotation, and the goods or services:

1. As a registered business;
2. Within the agreed timeframe and to the required standard;
3. At an acceptable and reasonable cost;
4. With a suitably high level of community engagement and employment;
5. That businesses local to firstly Fitzroy Crossing, then secondly Derby, have been given the opportunity to provide a quotation;
6. Where there is more than one local supplier, the procurement of goods and/or services must be shared amongst those suppliers, conditional on each provider supplying the goods/services:
 - within the agreed timeframe and to the standard required;
 - At an acceptable and reasonable cost; and
 - With a suitably high level of community engagement and employment.

At least one quote must be obtained, but where adequate time is available to do so, two is preferable. Suitable levels of specification for the purchase must also be supplied by Shire, or obtained from the provider. Purchasing authority limits apply as for *business as usual* procurement.

This provision is intended to be in place for the period of dealing with the impacts of ex Tropical Cyclone Ellie, or until otherwise modified by Council decision.

2. DELEGATION 1.1.18 (TENDERS FOR GOODS AND SERVICES – ACCEPTING AND REJECTING TENDERS; VARYING CONTRACTS; EXERCISING CONTRACT EXTENSION OPTIONS)

Modify the Conditions section of the delegation as follows:

- b. In accordance with s.5.43(b), tenders may only be accepted under this delegation, where:
 - i. The original tender accepted by Council decision has not been able to be finalised into a contract (with the exception of purchases relevant to addressing the impacts of Ex Tropical Cyclone Ellie, where the CEO may accept original or replacement tenders

up to a maximum of \$600,000, consistent with Council Policy F1 - Procurement of Goods and Services).

STATUTORY ENVIRONMENT

Local Government Act S2.7 (Role of council) outlines that Council is to (amongst other things) “determine the local government’s policies”.

Local Government Act S5.42 (Delegation of some powers and duties to CEO) provides for a Council to delegate* to the CEO, the exercise its Local Government Act powers or the discharge of any of its duties.

** Absolute majority required.*

Local Government Act S5.43 (Limits on delegations to CEO) outlines the limits/conditions relevant CEO delegations. There are several, but the limitation relevant to this report is that a CEO may only accept a tender up to the value determined by Council.

POLICY IMPLICATIONS

Policy AF1 Procurement of Goods and Services, and Delegation 1.1.18 (Tenders for Goods and Services – Accepting and Rejecting Tenders; Varying Contracts; Exercising Contract Extension Options) are both proposed to be modified to facilitate temporary improvements to purchasing during the recovery period of Ex Tropical Cyclone Ellie.

FINANCIAL IMPLICATIONS

Whilst the needs of the district have expanded since Ex Tropical Cyclone Ellie, this proposal for extended purchasing delegation will not impact upon expenditure levels for Ex Tropical Cyclone Ellie projects. There will however likely be an impact on cash flow, as a more expedient purchasing process will likely lead to funds being expended more quickly than would otherwise have been the case.

COMMENT

All local governments have purchasing policies and delegations in place to enable the business of their local government to be undertaken as expediently as is reasonably possible. The use of delegation is specifically designed to facilitate the prompt decision making of a local government, and improve timeliness for the delivery of services.

The Shire of Derby/West Kimberley has numerous delegations in place, which have been used by the organisation to achieve the above goals. Appropriate management, culture, and processes have provided a strong governance framework around the use of delegation in the past, and which is anticipated to continue into the future.

The use of a modified purchasing delegation to enable the prompt delivery of services in the aftermath of the Ex Tropical Cyclone Ellie flooding event is considered to be an appropriate temporary mechanism to consider, under the circumstances.

7.4 AUDIT COMMITTEE - MODIFICATIONS TO ROLE, MEMBERSHIP, TITLE AND MEETING CYCLE.

File Number: 0060
Author: Neil Hartley, Director - Strategic Business
Responsible Officer: Amanda Dexter, Chief Executive Officer
Authority/Discretion: Executive

SUMMARY

In light of a the state government's review of the Local Government Act, which is expected to include some provisions specific to local government audit committees, a review of the structure and role of the Shire's Audit Committee has been undertaken by the Chief Executive Officer.

The Audit Committee plays a very important role in local government, taking on both a day to day, and a strategic responsibility. The proposed modifications have a two-fold purpose, (1) to achieve compliance with proposed the new legislation, and (2) to improve the process of how the organisation provides its end of month financial reports to Council.

DISCLOSURE OF ANY INTEREST

Nil applicable for author.

BACKGROUND

The current role of the Audit Committee is defined both in legislation, and can be further expanded on by Council resolution.

The Local Government (Audit) Regulations outline that the role of the Audit Committee is to:

1. guide and assist the local government in carrying out:
 - a. its functions under Part 6 (Financial management) – like fees & charges, borrowing, rates etc;
 - b. its functions relating to other audits and other matters related to financial management; and
 - c. the local government's functions in relation to audits;
2. review the CEO's Systems & Procedures ("Regulation 17" report) and progress its implementation;
3. support the auditor to conduct the Shire's audits and the auditor's other functions;
4. oversee the implementation of any action that the local government is required to take in respect to:
 - a. examining an audit report received by the local government; determining if any matters raised by the audit report require action to be taken by the local government; and ensuring that appropriate action is taken in respect of those matters.
 - b. what it has stated it has taken or intends to take in a report prepared addressing any matters identified as significant by the auditor in the audit report, and stating what action the local government has taken or intends to take with respect to each

- of those matters; and ensures that a copy of that report is provided to the Minister within three months after the audit report is received by the local government; and
- c. what it has stated it has accepted should be taken following receipt of a report of a review conducted under the Local Government (Financial Management) Regulations 1996 regulation 5(2)(c); and

5. review the Compliance Audit Return and report to the Council the results of that review.

The last appointment of the Audit Committee was at the Council Meeting of 28 October 2021 (following the 2021 Councillor elections) where five Councillors were elected as its members and the Council report outlined the following background:

Formerly the Compliance and Strategic Review Committee, it was established in May 2005 to comply with legislation and to oversee financial issues. Change of Committee name and Terms of Reference occurred in March 2015 to reflect changes to the Local Government (Audit) Regulations 1996 to expand the focus of the Committee to provide effective corporate governance through the review of systems and procedures relating to risk management, internal control and legislative compliance.

The Committee meets on a monthly basis and the Committee's meeting dates are generally set at the same meeting that sets the Council's Meeting program for the next 12 months period.

The 2021 Local Government Act review Panel Report identified that *"Audit Committees should be expanded, including to provide improved risk management"*; *"to ensure independent oversight, it is proposed the Chair of any Audit Committee be required to be an independent person who is not on council or an employee of the local government"* and the *"Audit Committees would also need to consider proactive risk management"*. The Audit Regulations have not as yet been altered, but it is expected that these will be made in the near future once the present Local Government Act modifications have been implemented (noting that one of the 2023 proposed changes to the Local Government Act includes the statement *"to allow regulations to make provisions relating to the functions of committees or the functions of types of committees"* and *"committee members who are not council members or employees (e.g. independent committee members) may receive fees and expenses for their services"*).

The CEO review proposal is that the Audit Committee would:

1. now include an independent member and have its role and function modified to emphasise a change in direction of having a heightened focus on the risks the Shire is dealing with (as is expected to be required by legislation);
2. change its name to the *Audit & Risk Committee* (to acknowledge its role of having a higher emphasis on risk matters); and
3. change its ordinary meeting schedule from monthly, to quarterly (to acknowledge that a more workable timeline for the provision of end of month financial reports would be to have those reports go directly to Council).

STATUTORY ENVIRONMENT

Local Government Act S5.8 (Establishment of committees) outlines that a local government may establish* committees of three or more persons to assist the Council and to exercise the powers and discharge the duties of the local government that can be delegated to committees.

(* Absolute majority required).

Local Government (Audit) Regulations R.16 (Functions of audit committee) outlines that there must be an Audit Committee appointed and as a minimum, its role must include:

1. to guide and assist the local government in carrying out:
 - a. its functions under Part 6 (Financial management) – like fees & charges, borrowing, rates etc;
 - b. its functions relating to other audits and other matters related to financial management;
 - c. the local government’s functions in relation to audits;
2. to review the CEO’s Systems & Procedures (“Regulation 17” report) and progress its implementation;
3. to support the auditor to conduct the Shire’s audits and the auditor’s other functions;
4. to oversee the implementation of any action that the local government is required to take in respect to:
 - a. examining an audit report received by the local government; determining if any matters raised by the audit report require action to be taken by the local government; and ensure that appropriate action is taken in respect of those matters;
 - b. what it has stated it has taken or intends to take in a report prepared addressing any matters identified as significant by the auditor in the audit report, and stating what action the local government has taken or intends to take with respect to each of those matters; and ensures that a copy of that report is provided to the Minister within three months after the audit report is received by the local government;
 - c. what it has stated it has accepted should be taken following receipt of a report of a review conducted under the Local Government (Financial Management) Regulations 1996 regulation 5(2)(c); and
5. To review the Compliance Audit Return and report to the Council the results of that review.

POLICY IMPLICATIONS

Nil applicable.

FINANCIAL IMPLICATIONS

The appointment of an independent person to the Audit & Risk Committee will likely require the Shire to commit to reasonable levels of added costs for meeting attendance and associated expenses. An allowance of \$10-15,000 should be sufficient to attract a qualified person with risk/accounting/audit experience.

STRATEGIC IMPLICATIONS

GOAL	OUR PRIORITIES	WE WILL
1. Leadership and Governance	1.2 Capable, inclusive and effective organisation	1.2.1 Provide strong civic leadership
1. Leadership and Governance	1.2 Capable, inclusive and effective organisation	1.2.2 Provide strong governance

RISK MANAGEMENT CONSIDERATIONS

RISK	LIKELIHOOD	CONSEQUENCE	RISK ANALYSIS	MITIGATION
Reputation: Not ensuring the role, function and makeup of the Audit Committee remains consistent with contemporary expectations and legislation could result in a loss of community confidence in Council.	Possible	Moderate	Medium	Refocus the Audit Committee's role as proposed (e.g. to specifically include "risk", and the inclusion of an independent member).

CONSULTATION

Community consultation is not required on this occasion.

COMMENT

Whilst the proposed change in legislation has prompted the review to be undertaken, the matter of the logistics of finalising the end of month financials and having them presented to the Committee (which meets before the Council meeting day) has created challenges for quite some time, occasionally resulting in these reports being presented the following month, which is not ideal. The change to presenting the end of month financials will result in these being more regularly available to Councillors, albeit through the Council Agenda.

Initiating expected legislative changes early will enable the Audit & Risk Committee time to "find its feet" with these new roles, before they are legislatively imposed upon us.

7.5 COUNCIL POLICIES - 2023 BIENNIAL REVIEW**File Number: 4160****Author: Janyce Smith, Author****Responsible Officer: Tamara Clarkson, Acting Director of Corporate Services****Authority/Discretion: Legislative****SUMMARY**

The last annual review of Council policies was undertaken in early 2022 to ensure policies remain current and in line with legislation, accounting standards and other relevant information. Twenty-eight (28) policies were reviewed and endorsed by Council at its 24 February 2022 Ordinary Council Meeting.

Since that time, Governance has developed and improved the policy review process. Included in those improvements is that two reviews are to occur during the calendar year.

This report recommends that the policy updates/modifications proposed by this review, be adopted.

In addition to the defined review period being included at the last policy review, the standard documentation for each policy now includes a "Next Due for Review" date. The schedule for policy reviews has been adjusted, and all Council policies have been reviewed since 2021.

1. IMPLEMENTATION

This Policy along with the ‘Code of Conduct **(Employees)**, the Shire’s values and culture and its governance and risk management frameworks all operate in synergy to prevent, detect and respond to potential or actual fraud and misconduct.

The Framework establishes the strategies and processes by which the Shire will determine specific practices, plans and procedures to manage the prevention and detection of fraudulent activities, the related investigation and, where appropriate, referral of incidents to the appropriate authorities.

1.2 Reporting Serious or Minor Misconduct

A Public Officer or any other person may report to the CCC or the PSC any matter which that person suspects on reasonable grounds concerns or may concern serious or minor misconduct. Information on reporting to the appropriate authority is available on the Shire’s public website.

1.3 Public Interest Disclosure

Any person may make an appropriate disclosure of public interest information to the Shire. The legislation which governs such disclosures is the PID Act.

A disclosure can be made by anyone and may be made anonymously. If disclosures are made in accordance with the PID Act, the person making them is protected from reprisal. This means that the person enjoys immunity from civil or criminal liability and is protected from any disciplinary action or dismissal.

The PID Act requires local governments to appoint a PID Officer to whom disclosures may be made. The PID Officer should be consulted when considering whether to make a disclosure. Information on public interest disclosures and the Shire’s PID Officers are maintained on the Shire’s public website.

1.4 Disciplinary and Recovery Action

The Shire will respond to all instances of Fraud and Misconduct which may lead to termination, in accordance with its disciplinary process. The Shire will also seek to recover any losses it may have suffered through Fraud and Misconduct.

2. DISPUTE RESOLUTION

All disputes in respect of this policy must be referred to the **Director Corporate Services** in the first instance, and if unresolved, to the CEO.

3. WHO NEEDS TO KNOW ABOUT THIS POLICY?

All Councillors and Employees will need to be aware of this policy and its implications, together with other stakeholders, including contractors and consultants.

(F1) PROCUREMENT OF GOODS AND SERVICES

1. PURCHASING

The Shire of Derby/West Kimberley (the "Shire") is committed to delivering the objectives, principles and practices outlined in this Policy, when purchasing goods, services or works to achieve the Shire's strategic and operational objectives.

This policy complies with the *Local Government (Functions and General) Regulations 1996* (The Regulations).

1.1 Objectives

The Shire's purchasing activities will achieve:

- The attainment of best value for money;
 - Sustainable benefits, such as environmental, social and local economic factors are considered in the overall value for money assessment;
- Consistent, efficient and accountable processes and decision-making;
 - Fair and equitable competitive processes that engage potential suppliers impartially, honestly and consistently;
 - Probity and integrity, including the avoidance of bias and of perceived and actual conflicts of interest;
 - Compliance with the *Local Government Act 1995*, *Local Government (Functions and General) Regulations 1996*, as well as any relevant legislation, Codes of Practice, Standards and the Shire's policies and procedures;
- Risks identified and managed within the Shire's Risk Management framework;
 - Records created and maintained to evidence purchasing activities in accordance with the *State Records Act 2000* and the Shire's Record Keeping Plan; and
 - Confidentiality protocols that protect commercial-in-confidence information and only release information where appropriately approved.

1.2 Ethics & Integrity

The Shire's *Code of Conduct (Employees)* applies when undertaking purchasing activities and decision making. Elected Members and employees must observe the highest standards of ethics and integrity and act in an honest and professional manner at all times.

1.3 Value for Money

Value for money is achieved through the critical assessment of price, risk, timeliness, environmental, social, economic and qualitative factors to determine the most advantageous supply outcome that contributes to the Shire achieving its strategic and operational objectives.

The Shire will apply value for money principles when assessing purchasing decisions and acknowledges that the lowest price may not always be the most advantageous.

1.3.1 Assessing Value for Money

Assessment of value for money will consider:

- (a) All relevant Total Costs of Ownership (TCO) and benefits including transaction costs associated with acquisition, delivery, distribution, as well as other costs such as but not limited to holding costs, consumables, deployment, training, maintenance and disposal;

Shire of Derby / West Kimberley

- (b) The technical merits of the goods or services being offered in terms of compliance with specifications, contractual terms and conditions and any relevant methods of assuring quality. This includes but is not limited to an assessment of compliances, tenderers resources available, capacity and capability, value-adds offered, warranties, guarantees, repair and replacement policies, ease of inspection, ease of after sales service, ease of communications etc.
- (c) Financial viability and capacity to supply without the risk of default (competency of the prospective suppliers in terms of managerial and technical capabilities and compliance history);
- (d) A strong element of competition by obtaining a sufficient number of competitive quotations wherever practicable and consistent with this policy;
- (e) The safety requirements and standards associated with both the product design and the specification offered by suppliers and the evaluation of risk arising from the supply, operation and maintenance;
- (f) The environmental, economic and social benefits arising from the goods, services or works required, including consideration of these benefits in regard to the supplier's operations, in accordance with this Policy and any other relevant Shire Policy; and
- (g) Providing opportunities for businesses within the Shire's boundaries to quote wherever possible.

1.4 **Purchasing Thresholds and Practices**

The Shire must comply with all requirements, including purchasing thresholds and processes, as prescribed within the Regulations, this policy and associated purchasing procedures in effect at the Shire.

1.4.1 **Policy Purchasing Value Definition**

Purchasing value for a specified category of goods, services or works is to be determined upon the following considerations:

- (a) Exclusive of Goods and Services Tax (GST); and
- (b) Where a contract is in place, the actual or expected value of expenditure over the full contract period, including all options to extend specific to a particular category of goods, services or works.
OR
- (c) Where there is no existing contract arrangement, the Purchasing Value will be the estimated total expenditure for a category of goods, services or works over a minimum three year period. This period may be extended to a maximum of 3 years only where the supply category has a high risk of change i.e. to technology, specification, availability or the Shire's requirements (Regulation 12).

The calculated estimated Purchasing Value will be used to determine the applicable threshold and purchasing practice to be undertaken.

1.4.2 **Purchasing from Existing Contracts**

The Shire will ensure that any goods, services or works required that are within the scope of an existing contract will be purchased under that contract.

1.4.3 **Table of Purchasing Thresholds and Practices**

This table prescribes Purchasing Value Thresholds and the applicable purchasing practices which apply to the Shire's purchasing activities:

1.4.4 Exemptions

An exemption from the requirement to publicly invite tenders may apply when the purchase is:

- obtained from a pre-qualified supplier under the WALGA Preferred Supplier Arrangement or other suppliers that are accessible under another tender exempt arrangement.
- from a pre-qualified supplier under a Panel established by the Shire;
- from a Regional Local Government or another Local Government;
- acquired from a person/organisation registered on the WA Aboriginal Business Directory, as published by the Small Business Development Corporation, where the consideration under contract is worth \$250,000 or less (excluding GST) and represents value for money;

Shire of Derby / West Kimberley

- acquired from an Australian Disability Enterprise and represents value for money;
- the purchase is authorised under action by Council under delegated authority;
- within 6 months of no tender being accepted;
- where the contract is for petrol, oil, or other liquid or gas used for internal combustion engines; or
- the purchase is covered by any of the other exclusions under Regulation 11 of The Regulations.

1.4.5 Other Purchasing Exemptions

In addition to the regulatory Tender exemptions for purchasing as set out in Regulation 11.2 of The Regulations and section 1.4.4 of this policy, it may at times be necessary to vary from the requirements of this policy for a number of reasons, including but not limited to, the following further exemptions where the Shire is not required to undertake a competitive purchasing process (but these only apply where the total value of the purchase does not exceed \$250,000 (excluding GST) over three years):

- Services, supplies, and/or equipment directly related to an impacting epidemic or a pandemic (e.g., COVID-19);
- Services of industry organisations (e.g., WALGA, and Local Government Professionals);
- Advance / Prior Payment of Services (for example: accommodation, travel services, entertainment, conferences, seminars, Memberships, Subscriptions, training courses);
- Advertising – Newspaper (e.g., public notices and statutory advertising);
- Advertising – State Government Gazette (e.g., statutory advertising);
- Annual Memberships/Subscriptions (e.g., WALGA, and Library stocks);
- Annual Service/Software annual licencing and Maintenance/Support Fees;
- Reimbursements (TAFE, training course fees, accommodation / meal costs, telephone and internet);
- Employment of temporary staff through temporary personnel service agencies (CEO approval required for any contract exceeding or extended beyond three months);
- Motor vehicle licensing and registration;
- Postage;
- Talent acts for community events;
- Pre-employment medicals and staff medical services (e.g. annual flu immunisation program);
- Provision of utility services (where only sole provider – e.g. Western Power);
- Purchases from Original Equipment Manufacturer (OEMs) and where warranty provisions may be voided; and
- Local Government Insurance Service (e.g. premiums and insurance excesses) – note: not subject to the \$250,000 limit); and
- Purchasing as required and determined by the CEO and Directors providing that the approval is provided in writing prior to the purchase and the details are recorded against the requisition.

1.4.6 Inviting Tenders Under the Tender Threshold

The Shire may determine to invite Public Tenders, despite the estimated Purchase Value being less than the \$250,000 threshold.

This decision will be made after considering:

Shire of Derby / West Kimberley

- Whether the purchasing requirement can be met through the WALGA Preferred Supplier Program or any other tender exemption arrangement; and
- Any value for money benefits, timeliness, risks; and
- Compliance requirements.

A decision to invite Tenders, though not required to do so, may occur where an assessment has been undertaken and it is considered that there is benefit from conducting a publicly accountable and more rigorous process. In such cases, the Shire's tendering procedures must be followed in full.

1.4.7 Other Procurement Processes

Expressions of Interest

Expressions of Interest (EOI) are typically considered in situations where the project is of a significant value, or contains significant complexity of project delivery that may solicit responses from a considerable range of industry providers.

In these cases, the Shire may consider conducting an EOI process, preliminary to any Request for Tender process, where the purchasing requirement is:

- Unable to be sufficiently scoped or specified;
- Open to multiple options for how the purchasing requirement may be obtained, specified, created or delivered;
- Subject to a creative element; or
- To establish a procurement methodology that allows for an assessment of a significant number of **tenders** leading to a shortlisting process based on non-price assessment.

All EOI processes are conducted as a public process and similar rules to a Request for Tender apply. However, the EOI should not seek price information from respondents, seeking qualitative and other non-price information only. All EOI processes should be subsequently followed by a Request for Tender through an invited process of those shortlisted under the EOI.

Request for Proposal

As an alternative to a Request for Tender, the Shire may consider conducting a Request for Proposal where the requirements are less known, or less prescriptive and detailed. In this situation, the Request **for** Proposal would still be conducted under the same rules as for a Request **for** Tender but would seek responses from the market that are outcomes based or that outline solutions to meet the requirements of the Shire.

1.4.8 Emergency Purchases

An emergency purchase is defined as an unanticipated purchase which is required in response to an emergency situation as provided for in the Act. In such instances, quotes and tenders are not required to be obtained prior to the purchase being undertaken.

Time constraints are not a justification for an emergency purchase. Every effort must be made to anticipate purchases in advance and to allow sufficient time to obtain quotes and tenders, whichever may apply.

1.4.9 Sole Source of Supply

A sole source of supply arrangement may only be approved where the:

- purchasing value is estimated to be over \$5,000; and
- purchasing requirement has been documented in a detailed specification; and
- specification has been extensively market tested and only one potential supplier has been identified as being capable of meeting the specified purchase requirement; and
- market testing process and outcomes of supplier assessments have been documented, inclusive of a rationale for why the supply is determined as unique and cannot be sourced through more than one supplier.

A sole source of supply arrangement will only be approved for a period not exceeding three (3) years. For any continuing purchasing requirement, the approval must be **reassessed** before expiry to evidence that a Sole Source of Supply still genuinely exists.

1.4.10 Anti-Avoidance

The Shire will not conduct multiple purchasing activities with the intent (inadvertent or otherwise) of "splitting" the purchase value or the contract value, avoiding a particular purchasing threshold or the need to call a Public Tender. This includes the creation of two or more contracts or creating multiple purchase order transactions of a similar nature.

Utilising rolling contract extensions at the end of a contract term without properly testing the market or using a **tender exempt arrangement** will not be adopted as this would place this Local Government in breach of **The Regulations (Regulation 12)**.

The Shire will conduct regular periodic analysis of purchasing activities within supply categories and aggregating expenditure values in order to identify purchasing activities which can be more appropriately undertaken within the Purchasing Threshold practices detailed in clause 1.4.3 above.

1.4.11 Contract Variations

Authorises the CEO to approve minor variations to contracts **entered** by Council, subject to the funds required meeting the cost of the variations been contained within the amounts set aside in the budget.

2. SUSTAINABLE PROCUREMENT

The Shire is committed to implementing sustainable procurement by providing a preference to suppliers that *demonstrate* sustainable business practices (social advancement, environmental protection and local economic benefits).

The Shire will embrace Sustainable Procurement by applying the value for money assessment to ensure that wherever possible our suppliers demonstrate outcomes which contribute to improved environmental, social and local economic outcomes. Sustainable Procurement can be demonstrated as being internally focused (i.e. operational environmental efficiencies or employment opportunities and benefits relating to special needs), or externally focused (i.e. initiatives such as corporate philanthropy).

Requests for Quotation and Tenders will include a request for information from Suppliers regarding their sustainable practices and/or demonstrate that their product or service offers enhanced sustainable benefits.

Shire of Derby / West Kimberley

2.1 **Local Economic Benefit**

The Shire encourages the development of competitive local businesses within its boundary first, and second within its broader region. As much as practicable, the Shire will:

- Where appropriate, consider buying practices, procedures and specifications that do not unfairly disadvantage local businesses;
- Consider indirect benefits that have flow on benefits for local suppliers (i.e. servicing and support);
- Ensure that procurement plans address local business capability and local content;
- Explore the capability of local businesses to meet requirements and ensure that Requests for Quotation and Tenders are designed to accommodate the capabilities of local businesses;
- Avoid bias in the design and specifications for Requests for Quotation and Tenders – all Requests must be structured to encourage local businesses to bid; and
- Provide adequate and consistent information to local suppliers.

To this extent, a qualitative weighting will be included in the evaluation criteria for quotes and Tenders where suppliers are located within the boundaries of the Shire, or substantially demonstrate a benefit or contribution to the local economy. This criteria will relate to local economic benefits that result from Tender processes.

The Shire has adopted **F7** Regional Price Preference Policy, which will be applied when undertaking purchasing activities.

2.2 **Purchasing from Disability Enterprises**

An Australian Disability Enterprise may be contracted directly without the need to comply with the Threshold and Purchasing Practices requirements of this policy, where a value for money assessment demonstrates benefits for the Shire's achievement of its strategic and operational objectives.

A qualitative weighting will be used in the evaluation of quotes and Tenders to provide advantages to Australian Disability Enterprises, in instances where not directly contracted.

2.3 **Purchasing from Aboriginal Businesses**

A business registered in the current Aboriginal Business Directory WA (produced by the Small Business Development Corporation) may be contracted directly without the need to comply with the Threshold and Purchasing Practices requirements of this policy, only where:

- The contract value is or is worth \$250,000 or less, and
- A best and sustainable value assessment demonstrates benefits for the Shire's achievement of its strategic and operational objectives.

A qualitative weighting will be used in the evaluation of quotes and tenders to provide advantages to businesses registered in the current Aboriginal Business Directory WA, in instances where not directly contracted.

2.4 **Purchasing from Environmentally Sustainable Business**

The Shire will support the purchasing of recycled and environmentally sustainable products whenever a value for money assessment demonstrates benefits for the Shire's achievement of its strategic and operational objectives.

Shire of Derby / West Kimberley

A qualitative weighting will be used in the evaluation of quotes and tenders to provide advantages to suppliers which:

- Demonstrate policies and practices that have been implemented by the business as part of its operations;
- Generate less waste material by reviewing how supplies, materials and equipment are manufactured, purchased, packaged, delivered, used, and disposed; and
- Encourage waste prevention, recycling, market development and use of recycled/recyclable materials.

3. PANELS OF PRE-QUALIFIED SUPPLIERS

3.1 Objectives

The Shire will consider creating a Panel of Pre-qualified Suppliers ("Panel") when a range of similar goods and services are required to be purchased on a continuing and regular basis.

Part of the consideration of establishing a panel includes:

- There are numerous potential suppliers in the local and regional procurement related market sector(s) that satisfy the test of 'value for money';
- The purchasing activity under the intended Panel is assessed as being of a low to medium risk;
- The Panel will streamline and will improve procurement processes; and
- The Shire has the capability to establish a Panel, and manage the risks and achieve the benefits expected of the proposed Panel through a Contract Management Plan.

3.2 Establishing and Managing a Panel

If the Shire decides that a Panel is to be created, it will establish the panel in accordance with the Regulations.

Panels will be established for one supply requirement, or a number of similar supply requirements under defined categories. This will be undertaken through an invitation procurement process advertised via a state-wide notice.

Panels may be established for a maximum of three (3) years. The length of time of a Local Panel is decided with the approval of the CEO/ Executive Director.

Evaluation criteria will be determined and communicated in the application process by which applications will be assessed and accepted.

In each invitation to apply to become a pre-qualified supplier, the Shire will state the expected number of suppliers it intends to put on the panel.

If a Panel member leaves the Panel, the Shire will consider replacing that organisation with the next ranked supplier that meets/exceeds the requirements in the value for money assessment – subject to that supplier agreeing. The Shire will disclose this approach in the detailed information when establishing the Panel.

A Panel contract arrangement needs to be managed to ensure that the performance of the Panel Contract and the Panel members under the contract are monitored and managed. This will ensure

Shire of Derby / West Kimberley

that risks are managed and expected benefits are achieved. A Contract Management Plan should be established that outlines the requirements for the Panel Contract and how it will be managed.

3.3 Distributing Work Amongst Panel Members

To satisfy Regulation 24AD(5) of The Regulations, when establishing a Panel of pre-qualified suppliers, the detailed information associated with each invitation to apply to join the Panel will prescribe one of the following as to whether the Shire intends to:

- Obtain quotations from each pre-qualified supplier on the Panel with respect to all discreet purchases; or
- Purchase goods and services exclusively from any pre-qualified supplier appointed to that Panel, and under what circumstances; or
- Develop a ranking system for selection to the Panel, with work awarded in accordance with the Regulations.

In considering the distribution of work among Panel members, the detailed information will also prescribe whether:

- Each Panel member will have the opportunity to bid for each item of work under the Panel, with pre-determined evaluation criteria forming part of the invitation to quote to assess the suitability of the supplier for particular items of work. Contracts under the pre-qualified panel will be awarded on the basis of value for money in every instance; or
- Work will be awarded on a ranked basis, which is to be stipulated in the detailed information set out under Regulation 24AD(5)(f) when establishing the Panel. The Shire will invite the highest ranked Panel member, who is to give written notice as to whether to accept the offer for the work to be undertaken. Should the offer be declined, an invitation to the next ranked Panel member is to be made and so forth until a Panel member accepts a contract. Should the list of Panel members invited be exhausted with no Panel member accepting the offer to provide goods/services under the Panel, the Shire may then invite suppliers that are not pre-qualified under the Panel, in accordance with the Purchasing Thresholds stated in section 1.4.3 of this policy. When a ranking system is established, the Panel will not operate for a period exceeding 12 months.

In every instance, a contract must not be formed with a pre-qualified supplier for an item of work beyond 12 months, which includes options to extend the contract.

3.4 Purchasing from the Panel

The invitation to apply to be considered to join a panel of pre-qualified suppliers must state whether quotations are either to be invited to every Panel member (within each category, if applicable) of the Panel for each purchasing requirement, whether a ranking system is to be established, or otherwise.

Each quotation process, including the invitation to quote, communications with Panel members, quotations received, evaluation of quotes and notification of award communications must all be made through eQuotes (or other nominated electronic quotation facility).

Each quotation process, including the invitation to quote, communications with Panel members, quotations received, evaluation of quotes and notification of award communications must all be captured on the Shire's electronic records system. A separate file is to be maintained for each

quotation process made under each Panel that captures all communications between the Shire and Panel members.

4. PURCHASING POLICY NON-COMPLIANCE

Purchasing Activities are subject to financial and performance audits, which review compliance with legislative requirements and also compliance with the Shire’s policies and procedures.

A failure to comply with the requirements of this policy will be subject to investigation, with findings to be considered in context of the responsible person’s training, experience, seniority and reasonable expectations for performance of their role.

Where a breach is **substantiated**, it may be treated as:

- An opportunity for additional training to be provided;
- A disciplinary matter, which may or may not be subject to reporting requirements under the *Public Sector Management Act 1994*;
- Misconduct in accordance with the *Corruption Crime and Misconduct Act 2003*.

3. Defines allowable and prohibited uses; and
4. Defines Cardholder duty of care and responsible use obligations.

POLICY STATEMENT

This policy provides an in-principle framework to guide the Chief Executive Officer (CEO) when fulfilling their statutory duties for establishing and implementing appropriate systems and procedures for incurring expenditure and making payments specific to Transaction Cards.

1. Definitions

Cardholder means an employee who has been authorised by the CEO to incur expenditure by means of a Transaction Card.

- c) purchasing and payment functions are secure, efficient and effective.

Any alleged misuse of Transaction Cards will be investigated and may be subject to disciplinary procedures.

Where there is reasonable suspicion of misconduct or fraudulent activity arising from Transaction Card facilities the matter will be reported to the appropriate regulatory agency, subject to the requirements of the *Public Sector Management Act 1994* and the *Corruption, Crime and Misconduct Act 2003*.

- c) The procurement of the required goods or services is impractical or inefficient if undertaken via a Purchase Order or is not able to be obtained other than by a Transaction Card;

- h) Splitting expenditure to avoid compliance with the Purchasing Policy or to negate limits or conditions applicable to the Cardholder; and
- i) Incurring expenses for the primary purpose of obtaining personal advantage through the transaction (i.e. membership or loyalty rewards).

A Cardholder is required to:

- a) Keep the Transaction Card and access information in a safe manner; protected from improper use or loss;
- b) Only use the Transaction Card for allowable purposes and not for prohibited purposes;
- c) Obtain, create and retain Local Government records that evidence transactions;

(F9) RATING ADMINISTRATION POLICY

POLICY OBJECTIVE

The objective of this policy is to clearly set out guidelines for the calculation of rate increases, determination of non-rateable land, various methods for the payment of rates, write off of minor outstanding payments and associated rating procedures applicable within the Shire of Derby/West Kimberley.

POLICY STATEMENT

1. Calculation of Rates and Charges

Rates are to be raised in accordance with the *Local Government Act 1995*, calculated by the rate in the dollar set by Council for each financial year.

Any applications for objections or disputes must be received within 45 days of the issue of the original rates notice to be considered by Council.

2. Determining Non Rateable Land

Non rateable land is defined in accordance with Section 6.26 of the *Local Government Act 1995*. The Chief Executive Officer is to determine the validity of claims for non-rateable land.

When determining application in accordance with Section 6.26 (2) (g) of the *Local Government Act 1995* ("land used exclusively for charitable purposes") the organisation is to provide evidence that the property is used for a charitable purpose.

When the Chief Executive Officer has determined land to be non-rateable, details of the organisation, the property and reasons for such determination are to be reported to Council on an information basis through the Information Bulletin.

Any determinations made in accordance with Section 6.26 are to be reviewed every two years where practicable and the list be submitted to Council on an information basis through the Information Bulletin.

3. Instalment Options for Payment of Rates and Charges

Ratepayers may choose to pay rates and charges using one of Council's three instalment options.

Instalment Option 1 – one payment covering all rates and charges, including any arrears that may apply. The discount as set by Council each financial year is to be applied to this option for full and early payment of rates.

Instalment Option 2 – two payments covering all rates and charges. An instalment administration fee is charged per instalment as well as instalment interest.

Instalment Option 3 – **four-4** payments covering all rates and charges. An instalment administration fee is charged per instalment as well as instalment interest.

Any arrears outstanding from previous financial years must be paid in addition to the first instalment to be eligible for the instalment option.

Instalment interest accrues at a rate set in the budget each year, on any late instalment payments. If an instalment remains unpaid 14 days after the issue of the Instalment Reminder notice, a letter will be sent advising of impending legal action if the instalment is not paid.

Early Payment – Should a ratepayer choose to undertake instalments and then clear their account before the original due date, then the administration and interest costs will be reversed.

Council sets the due dates for instalments in the budget each financial year. The *Local Government Act 1995* states that the due dates for instalments must be at least two months apart.

After 14 days from the issue of the original rate notice, ratepayers forfeit the right to undertake the instalment option provided.

4. Alternative Payment Arrangements

Alternative payment arrangements can be made in accordance with the Council’s Financial Hardship Policy.

An administration fee as per the annual budget’s schedule of fees and charges is to be applied and payable with the first instalment.

Should an alternative instalment payment not be made by the date specified in the agreement between the Shire and the ratepayer, recovery action on the balance of the rate account inclusive of any overdue alternative instalment is to be commenced.

5. Raising of Minor Penalties

For operational efficiency purposes, late payment penalties shall not be raised until the amount exceeds \$5.00.

Where, in the opinion of the Chief Executive Officer, a ratepayer is clearly aware that penalty exists but refuses to pay the cost, the penalty will be raised.

Penalties will be applied to outstanding assessments for the previous month following the end of month balancing procedures.

(F11) BUDGET ISSUES

POLICY STATEMENT

Rate Increases

Council will endeavour to set its annual rate increases at not less than the increase in the annual Consumer Price Index plus 2% until its *Financial Health Indicator Comparison Score* (as provided by the Department of Local Government) reaches the *Regional Average Score* (for the Kimberley).

Budget for a Minor Surplus Each Year

So as to avoid Council going into overdraft in future, and the fact that certain items within Council's current Assets are not easily convertible to cash in a short period of time, Council will attempt to budget for a minor surplus each year.

[NOTE: Council's stock inventory, debtors and outstanding rates cannot be readily converted to cash. This is particularly so with regard to deferred payment of pensioner rates. This will need to allowed for when preparing budget proposals].

(F12) RATES – ADMINISTRATION, INTERIMS AND INTEREST CHARGES

POLICY STATEMENT

Administration Charge Applicable to Payment by Instalments

Where a ratepayer elects to pay rates by instalments, an Administration Charge to cover administration and handling costs will be imposed for each of the three instalments that apply (after the first instalment has been paid by the relevant due date).

The level of the charge will be set at the budget meeting each year, as part of the annual fees and charges considerations.

Interim Rates – Minimum Level

Where calculation of a minimum interim rate on an individual property would result in the net rate that would be raised to be less than \$25, then Council considers that the amount is of such a low level that it is considered not material enough to warrant staff time, resources and costs to justify the amount to be raised.

Interest Charges

Interest will be charged as follows where rates are paid later than permitted:

Rate Payment Type	Interest Charge Percentage Rate
On Late Payment of Rates.	As per statutory maximum.
On Late Payment of Instalments.	As per statutory maximum.

(F13) RESERVE ACCOUNTS

POLICY STATEMENT

1. Cash Backing of Discretionary Reserves

All of Council's discretionary Reserves, which include all Reserves except any asset revaluation reserves, shall be cash backed. The goal, subject to annual budget capacity, is to have the following reserves in place, so as to best position the Shire and its ongoing sustainability.

The following reserve Accounts shall be provided for (noting that these can be adjusted as part of the Shire's annual budget adoption process):

1.1 (Employee) Leave Reserve (To fund annual and long service leave requirements)

Objective:

1. To ensure that sufficient funds have been set aside to meet any unforeseen circumstances (e.g. where payment requirements significantly exceed that provided for in the budget);
2. To be used in conjunction with Annual Budget allocations, to "even out" payments (i.e. so as to avoid any one particular year being charged with a large payment burden);
3. To establish a method as to how to provide for payments of Employee Leave Liabilities over the years;
4. To provide direction to staff, and future Councils, as to how the movements to and from the Reserve are to operate.

Notes:

- (a) At each budget, the projected liabilities shall be calculated and adequate provision made in the next budget for the anticipated costs over the next year. If there are any anticipated retirements, these are to be taken into account in the next year's payments, with an appropriate transfer from the Reserve where calculated as being needed.
- (b) This Reserve shall have sufficient money held in it to provide for any large payments that may occur, over and above that previously allowed for. Transfers to and from the Reserve will need to be adjusted at the close of each financial year, following the identification and calculation of the 'actual' figures for the year just past. The most appropriate time for these adjustments to be considered and adopted by Council is at its Budget meeting for the next year.

Council will ensure that it has money on hand to meet:

- (i) **For the Current Liability of Annual Leave and Long Service Leave:** 100% of the next year's anticipated costs or accruals should be included within the budget proposals;
- (ii) **For the Non-Current Liability of Annual Leave and Long Service Leave** [i.e.: That beyond one year]: at least 25% of such costs to be held in the Reserve.
- (iii) That transfers to and from this Reserve shall be as per that calculated in accordance with the requirements of AAS30 and adopted in each year's budget, or via any end of year adjustments adopted in the subsequent year's budget.

Shire of Derby / West Kimberley

1.2 Rubbish Services Reserve

Objective:

1. To operate the finances of the Rubbish collection and disposal services, and the related charges, on a 'cost/revenue neutral' basis;
2. To set aside those funds which are in excess of the operating costs each year;
3. To attempt to identify and effect multiple-year plans for these services, and to structure the related charges accordingly, in an endeavour to avoid large fluctuations in such annual charges;
4. To provide direction to staff, and future Councils, as to how the movements to and from the Reserve are to operate.

Council will ensure that the surplus or deficit from all the operations of the Rubbish collection and disposal service are transferred to or from the Rubbish Service Reserve as per the provisions included in the budget, including those end of year adjustments for the prior year following the actual results for that year.

The Rubbish/Sanitation charges are to be structured so as to allow for future year issues, in an endeavour to avoid large fluctuations in any one year.

1.3 Staff Housing Reserve (to fund the construction of staff housing)

This Reserve Account is to operate for Staff Housing matters. All the income from the sale of Shire Houses is to be transferred into the Staff Housing Reserve Account. This account is to then be used to assist in the funding of future staff housing.

1.4 Derby Wharf Export Facilities Reserve (to carry out wharf maintenance)

This Reserve has been established to carry out short and long term wharf maintenance.

1.5 Airport Reserve (to fund airport capital works, primarily bitumen resealing)

This Reserve has been established to help fund the reconstruction of the main runway of the Derby Airport, plus other Capital works at all other Shire airports.

1.6 Plant Reserve

This Reserve is for the purchase of major plant. It is expected to only have limited use, principally for the helping in shortfall of various purchases or for funding emergency major repairs costs.

1.7 Office Building Reserve

To fund the new Derby Administration Building.

1.8 Economic Development Reserve

To promote economic development within the Shire.

1.9 Fitzroy Resource Centre

To quarantine funds received from the lease of the Fitzroy Resource Recreation Hall to be utilised for any upgrade works.

1.10 Energy Development Reserve

To administer the funds provided by Energy Developments Limited to create lasting value throughout the West Kimberley by contributing to not-for-profit projects or activities that benefit the Shire of Derby/West Kimberley.

1.11 Capital Works Reserve

To help with the construction/maintenance of major capital works.

Investing activities are to be performed in a manner that seeks to ensure the security and safeguarding of the investment portfolio. This includes managing credit and interest rate risk within specified limits and parameters.

The investment portfolio will ensure there is sufficient liquidity to meet all reasonably anticipated cash flow requirements, as and when they fall due, without incurring significant costs due to the unanticipated realisation of an investment.

The investment portfolio is expected to achieve a predetermined market average rate of return that takes into account legislative investment limitations and the Council's risk tolerance. Any additional return target set by Council will also consider the risk limitation, liquidity requirements and prudent investment principles.

1. Authority for Investment

All investments are to be made in accordance with:

- a) *Local Government Act 1995* – Section 6.14;
- b) *The Trustees Amendment Act 1997* – Point 6, Part III – Investments;
- c) *Local Government (Financial Management) Regulations 1996* – Regulations 19, 19C, 28 and 49; and
- d) *Australian Accounting Standards*.

2. Delegation of Authority

Authority is delegated to the Chief Executive Officer to implement this policy. The Chief Executive Officer may in turn delegate the day-to-day management of the Shire's investments in accordance with the provisions of the *Local Government Act 1995*.

Shire of Derby / West Kimberley

3. **Prudent Person Standard**

Investments will be managed with the care, diligence and skill that a prudent person would exercise. Officers delegated with authority to manage investments are to safeguard the portfolios in accordance with the substance of this policy, and not for speculative or any other purposes.

4. **Authorised Investments**

Without Direct approvals from Council, Investments are limited to:

- a) Bank Accepted/Endorsed Bank Bills;
- b) Bank Negotiable Certificates of Deposit;
- c) Bank Interest Bearing Deposits; and
- d) State/Commonwealth Government Bonds.

5. **Prohibited Investments**

The investment policy strictly prohibits any investment carried out for speculative purposes including:

- a) Derivative or derivative based instruments and or structured products;
- b) Principal only investments or securities that provide potentially nil or negative cash flow;
- c) Stand-alone securities issued that have underlying futures, options, forwards contracts and swaps of any kind; and
- d) Any form of investment that risks the loss of the initial capital outlay in anticipation of significant gain that may arise from expected changes in future economic conditions.

This policy also prohibits the use of leveraging (borrowing to invest) of an investment.

This policy also requires that the Shire may not do any of the following when investing money, as per Regulation 19C of the *Local Government (Financial Management) Regulations 1996*:

- a) Deposit with an institution except an authorised institution;
- b) Deposit for a fixed term of more than 3 years;
- c) Invest in bonds that are not guaranteed by the Commonwealth Government or a State or Territory Government;
- d) Invest in bonds with a term to maturity of more than 3 years; and
- e) Invest in a foreign currency.

6. **Risk Management Guidelines**

Any investments that are entered into by the Council should comply with the following five key criteria:

1. Portfolio Credit Framework – Limit overall credit exposure of the portfolio;
2. Counterparty Credit Framework – Limit exposure to individual counterparties/ institutions;
3. Term to Maturity Framework – Limits based upon maturity of securities;
4. Market Risk; and
5. Fraud.

(i) *Portfolio Credit Framework*

To control the credit quality on the entire portfolio, the following credit framework limits the percentage of the portfolio exposed to any particular credit rating category.

S&P Long Term Rating	S&P Short Term Rating	Direct Investment Maximum %	Managed Funds Maximum %
AAA	A 1+	100%	100%
AA	A 1	100%	100%
A	A2	60%	80%

(ii) *Counterparty Credit Framework*

Exposure to an individual counterparty/institution will be restricted by its credit rating so that any single entity exposure is limited.

S&P Long Term Rating	S&P Short Term Rating	Direct Investment Maximum %	Managed Funds Maximum %
AAA	A 1+	45%	50%
AA	A 1	35%	45%
A	A2	20%	40%

(iii) *Term to Maturity*

The investment portfolio is to be invested within the following maturity constraints.

Overall Portfolio Return to Maturity	S&P Short Term Rating	Direct Investment Maximum %
Up to 12 months	40%	100%
12 to 24 months	0%	35%
25 to 36 months	0%	20%

The Term to Maturity impacts investment products exposure in two ways:

- Maturity Risk- Identifies the impact of maturity on the valuation of the investment. The longer the term to maturity the greater the length of exposure.
- Liquidity Risk- A low liquidity risk for a product will arise if there a high market depth for a product. The product has to be easily converted to cash in a market environment without too much additional cost to the Council.

(iv) *Market Risk*

Market Risk – All investment products should be scrutinised to ensure there is no significant exposure to the Shire from movements in interest rates, currency and other prices.

(v) *Fraud*

Two authorised signatories are required to authorise any investment transaction.

7. **Investment Advisor**

Any Investment Advisor used by a local government must be approved by Council and licensed by the Australian Securities and Investment Commission. The advisor must be an independent person who has no actual, potential or perceived conflict of interest in relation to investment products recommended.

8. **Reporting**

A monthly information report should be provided to Council detailing the investment portfolio in terms of performance and counterparty percentage exposure of total portfolio.

The report should also detail investment income earned versus budget year to date.

For audit purposes, certificates must be obtained from the banks/fund managers confirming the amounts of investment held on Council's behalf at 30 June each year.

9. Quotations

At least three quotes must be obtained for investment products that adhere to this investment policy. These quotations will contain enough information to ensure it complies with this investment policy.

10. Variation to Policy

The Chief Executive Officer or their delegated representative be authorised to approve variations to this policy if the investment is to the Shire's advantage and/or due to revised legislation. All variations are to be reported to Council at the next Council meeting.

(F18) PORTABLE AND ATTRACTIVE ITEMS POLICY

POLICY OBJECTIVE

The objective of this policy is to clearly set out guidelines in identifying, recording and tracking items that are portable and attractive within the Shire of Derby/West Kimberley.

POLICY STATEMENT

The policy relates to all employees of Council (whether full-time, part-time or casual) and temporary staff of the Shire of Derby/West Kimberley, as well as Elected Members. and the policy does not form part of any contract of employment with Shire of Derby/West Kimberley. Nor does it form part of any contract for service with the Shire of Derby/West Kimberley.

This policy applies to all items defined as a portable and attractive and all workers who deal with portable and attractive items. A portable and attractive item is an item purchased by Council, with Council funds, irrespective of the funding source, and includes items gifted or donated to Council.

Council will comply with all relevant standards and legislation which requires written records of portable and attractive items. Council will maintain a register to record the receipt, movement and disposal of non-consumable items of a portable and attractive nature.

POLICY DEFINITIONS

Accountable Officer - The person or entity accountable for the policy or procedure and who coordinates its deployment. The Accountable Officer is also responsible for leading the review of the policy or procedure and will ensure that any policy or procedure has accurate and current Regulatory Compliance Instruments referenced. The CEO/Manager of Finance is the accountable officer.

Asset Capitalisation Threshold – The amount which determines when acquisitions of the Shire will be classified as a portable or attractive asset. The Asset Capitalisation Threshold is \$5,000. All acquisitions less than the Asset Capitalisation Threshold will be expensed in the year of acquisition. All acquisitions greater than \$5,000 will be treated as assets of the Shire.

Portable and Attractive Item – Non-consumable items of a portable and desirable nature which are susceptible to theft or loss due to their portable nature and attractiveness for personal use or resale. Typical examples of such items include, but are not limited to, plant (e.g.: chainsaws, scissor lifts, whipper snippers, electric drills, power tools etc.), computers, tablets, LCD monitors (above standard size only), computer hard drives, printers, cameras, mobile phones, mobile data devices, GPS devices, printers, firearms, televisions, etc.

POLICY PRINCIPLES

The following principles apply:

Portable and attractive items do not meet the Asset Capitalisation Threshold, and consequently are expensed in the year of acquisition.

All workers involved in the purchasing, disposal, usage, transfer, keeping, allocation and/or management of portable and attractive items are responsible for maintaining up-to-date knowledge of this policy and related procedures, to ensure that Council complies with its legislative obligations.

Responsibility for the control and safe custody of a portable and attractive item remains with the manager/supervisor responsible for that area or the worker who has control and use of the portable and attractive item. Council will retain ownership of the portable and attractive item at all times.

Council will maintain a portable and attractive item register and portable and attractive items will be subject to an annual stock-take.

A portable and attractive item is a non-consumable item of a portable and desirable nature that satisfies either of the following criteria:

- a) The item is of a non-consumable nature, such as a portable plant, laptop computer, tablet, desktop computer, mobile phone or portable business/consumer electronic device of any value less than \$5,000 (i.e. with no lower limit); or
- b) A non-consumable item valued between \$1,000 and \$4,999.99 (exclusive of Goods and Services Tax).

The Manager of Finance will review and may adjust the lower value limit annually.

Stock-takes

Stock-takes are the mechanism that assists in confirming the existence and proper control over assets. Stock-takes also ensure that operational units are accountable for the portable and attractive items under their control and assist them to:

- Identify items that have been lost or stolen and, where possible, recover them; and
- Assess the effectiveness of control practices for portable and attractive items and, where required, improve them.

Frequency of Stock-takes - Agencies must ensure that stock-takes of portable and attractive items are performed at least once a year, in order to safeguard identified portable and attractive items.

Responsibility for the Stock-take - The responsibility of performing the stock-take rests with the area responsible for the portable and attractive register. However, the person assigned to perform the stock-take must not maintain the portable and attractive register.

Results of Stock-take - The results of each stock-take must be provided to Manager of Finance, who should then address any significant issues of concern.

BREACH OF THIS POLICY

Any breach of the policy may result in disciplinary action, including, but not limited to, issue of a warning, demotion, suspension or termination of employment.

COUNCIL CONTACT

Any questions about this policy should be directed to Chief Executive Officer.

BACKGROUND

Pursuant to section 6.4 of the *Local Government Act 1995* and regulation 34(4) of the *Local Government (Financial Management) Regulations 1996* (the Regulations), a Local Government is to prepare, on a monthly basis, a statement of financial activity that reports on the Shire's financial performance in relation to its adopted/amended budget.

The Shires Financial Reports are produced in accordance with the *Local Government Act 1995* and *Local Government (Financial Management) Regulations 1996* as amended. Regulation 34 of the *Local Government (Financial Management) Regulations 1996* requires that Local Governments produce a monthly statement of financial activity and such other supporting information as is considered relevant by the Local Government.

The Shires financial reporting framework provides Council, management and employees with a broad overview of the Shire's wide financial position.

STATUTORY ENVIRONMENT

In accordance with the *Local Government Act 1995* and *Local Government (Financial Management) Regulations 1996*, a Statement of Financial Activity is required to be presented to Council as a minimum requirement.

Section 6.4 of the *Local Government Act 1995* provides for the preparation of financial reports.

In accordance with Regulation 34 (5) of the *Local Government (Financial Management) Regulations 1996*, a report must be compiled on variances greater than the materiality threshold adopted by Council of \$30,000 or 10% whichever is the greater. COMMENT

This is a monthly process advising Council of the current financial position of the Shire.

Financial integrity is essential to the operational viability of the Shire but also as the custodian of community assets and service provision. An ability to monitor and report on financial operations, activities and capital projects is imperative to ensure that financial risk is managed at acceptable levels of comfort.

The ability for the Shire to remain financially sustainable is a significant strategy for a region that is continually under pressure from the pastoral industry, private enterprise and State Government obligations for the ongoing development of infrastructure and services.

Any material variances are highlighted in the Operating Statement and included by way of note to the Operating Statement (as attached)

**MONTHLY FINANCIAL REPORT
FOR THE PERIOD ENDED 28 FEBRUARY 2023**

BASIS OF PREPARATION

BASIS OF PREPARATION

This financial report has been prepared in accordance with the *Local Government Act 1995* and accompanying regulations.

Local Government Act 1995 requirements

Section 6.4(2) of the *Local Government Act 1995* read with the *Local Government (Financial Management) Regulations 1996*, prescribe that the financial report be prepared in accordance with the *Local Government Act 1995* and, to the extent that they are not inconsistent with the Act, the Australian Accounting Standards. The Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and Interpretations of the Australian Accounting Standards Board were applied where no inconsistencies exist.

The *Local Government (Financial Management) Regulations 1996* specify that vested land is a right-of-use asset to be measured at cost, and is considered a zero cost concessionary lease. All right-of-use assets under zero cost concessionary leases are measured at zero cost rather than at fair value, except for vested improvements on concessionary land leases such as roads, buildings or other infrastructure which continue to be reported at fair value, as opposed to the vested land which is measured at zero cost. The measurement of vested improvements at fair value is a departure from AASB 16 which would have required the Shire to measure any vested improvements at zero cost.

Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the financial report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

THE LOCAL GOVERNMENT REPORTING ENTITY

All funds through which the Shire controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

All monies held in the Trust Fund are excluded from the financial statements. A separate statement of those monies appears at Note 12 to these financial statements.

SIGNIFICANT ACCOUNTING POLICIES

CRITICAL ACCOUNTING ESTIMATES

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities not readily apparent from other sources.

Actual results may differ from these estimates.

The balances, transactions and disclosures impacted by accounting estimates are as follows:

- estimation of fair values of certain financial assets
- estimation of fair values of fixed assets shown at fair value
- impairment of financial assets

GOODS AND SERVICES TAX

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO). Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

ROUNDING OFF FIGURES

All figures shown in this statement are rounded to the nearest dollar.

KEY INFORMATION

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks and other short term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value. Bank overdrafts are reported as short term borrowings in current liabilities in the statement of net current assets.

The local government classifies financial assets at amortised cost if both of the following criteria are met:

- the asset is held within a business model whose objective is to collect the contractual cashflows, and
- the contractual terms give rise to cash flows that are solely payments of principal and interest.

Financial assets at amortised cost held with registered financial institutions are listed in this note other financial assets at amortised cost are provided in Note 4 - Other assets.

KEY INFORMATION

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business.

Trade receivables are recognised at original invoice amount less any allowances for uncollectable amounts (i.e. impairment). The carrying amount of net trade receivables is equivalent to fair value as it is due for settlement within 30 days.

Classification and subsequent measurement

Receivables which are generally due for settlement within 30 days except rates receivables which are expected to be collected within 12 months are classified as current assets. All other receivables such as, deferred pensioner rates receivable after the end of the reporting period are classified as non-current assets.

Trade and other receivables are held with the objective to collect the contractual cashflows and therefore the Shire measures them subsequently at amortised cost using the effective interest rate method.

SIGNIFICANT ACCOUNTING POLICIES

Each class of fixed assets within either plant and equipment or infrastructure, is carried at cost or fair value as indicated less, where applicable, any accumulated depreciation and impairment losses.

Assets for which the fair value as at the date of acquisition is under \$5,000 are not recognised as an asset in accordance with *Financial Management Regulation 17A (5)*. These assets are expensed immediately.

Where multiple individual low value assets are purchased together as part of a larger asset or collectively forming a larger asset exceeding the threshold, the individual assets are recognised as one asset and capitalised.

Initial recognition and measurement for assets held at cost

Plant and equipment including furniture and equipment is recognised at cost on acquisition in accordance with *Financial Management Regulation 17A*. Where acquired at no cost the asset is initially recognise at fair value. Assets held at cost are depreciated and assessed for impairment annually.

Initial recognition and measurement between mandatory revaluation dates for assets held at fair value

In relation to this initial measurement, cost is determined as the fair value of the assets given as consideration plus costs incidental to the acquisition. For assets acquired at zero cost or otherwise significantly less than fair value, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed by the Shire includes the cost of all materials used in construction, direct labour on the project and an appropriate proportion of variable and fixed overheads.

All debenture repayments were financed by general purpose revenue.

The Shire has no unspent debenture funds as at 30th June 2022, nor is it expected to have unspent funds as at 30th June 2023.

KEY INFORMATION

Borrowing costs are recognised as an expense when incurred except where they are directly attributable to the acquisition, construction or production of a qualifying asset. Where this is the case, they are capitalised as part of the cost of the particular asset until such time as the asset is substantially ready for its intended use or sale.

Fair values of borrowings are not materially different to their carrying amounts, since the interest payable on those borrowings is either close to current market rates or the borrowings are of a short term nature. Non-current borrowings fair values are based on discounted cash flows using a current borrowing rate.

KEY INFORMATION

Provisions

Provisions are recognised when the Shire has a present legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured. Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

Employee Related Provisions

Short-term employee benefits

Provision is made for the Shire's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Shire's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the calculation of net current assets.

Other long-term employee benefits

The Shire's obligations for employees' annual leave and long service leave entitlements are recognised as employee related provisions in the statement of financial position.

Long-term employee benefits are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur. The Shire's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the Shire does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

Contract liabilities

An entity's obligation to transfer goods or services to a customer for which the entity has received consideration (or the amount is due) from the customer.

Capital grant/contribution liabilities

Grants to acquire or construct recognisable non-financial assets to identified specifications be constructed to be controlled by the Shire are recognised as a liability until such time as the Shire satisfies its obligations under the agreement.
