Disclaimer

No responsibility whatsoever is implied or accepted by the Shire of Derby/West Kimberley (Shire) for any act, omission or statement or intimation occurring during Council or Committee meetings.

The Shire disclaims any liability for any loss whatsoever and howsoever caused arising out of reliance by any person or legal entity on any such act, omission or statement or intimation occurring during Council or Committee meetings. Any person or legal entity who acts or fails to act in reliance upon any statement, act or omission made in a Council or Committee meeting does so at that person's or legal entity's own risk.

In particular and without derogating in any way from the broad disclaimer above, in any discussion regarding any planning application or application for a licence, any statement or intimation of approval made by any Elected Member or officer of the Shire during the course of any meeting is not intended to be and is not taken as notice of approval from the Shire.

The Shire warns that anyone who has any application lodged with the Shire must obtain and should only rely on written confirmation of the outcome of the application and any conditions attaching to the decision made by the Shire in respect of the application.

Notes for Members of the Public

PUBLIC QUESTION TIME

The Shire of Derby/West Kimberley extends a warm welcome to you in attending any Shire meeting. The Shire is committed to involving the public in its decision making processes whenever possible. The ability to ask questions during 'Public Question Time' is of critical importance in pursuing this public participation objective. The Shire sets aside a period of 'Public Question Time' to enable a member of the public to put questions. Questions should only relate to the business of the Shire and should not be a statement or personal opinion. Upon receipt of a question from a member of the public, the Presiding Member may either answer the question or direct it to an officer to answer, or it will be taken on notice.

Any comments made by a member of the public become a matter of public record as they are minuted by Council. Members of the public are advised that they are deemed to be held personally responsible and legally liable for any comments made by them that might be construed as defamatory or otherwise considered offensive by any other party.

MEETING FORMALITIES

Local government Council meetings are governed by legislation and regulations. During the meeting, no member of the public may interrupt the meetings proceedings or enter into conversation. Members of the public shall ensure that their mobile telephone or audible pager is not switched on or used during any Shire meeting.

Members of the public are hereby advised that the use of any electronic, visual or audio recording device or instrument to record proceedings of the meeting is not permitted without the permission of the Presiding Member.

COPYRIGHT

Any plans or documents contained within this agenda may be subject to copyright law provisions (*Copyright Act 1968*, as amended) and that the express permission of the copyright owner(s) should be sought prior to their reproduction. It should be noted that copyright owners are entitled to take legal action against any persons who infringe their copyright. A reproduction of material that is protected by copyright may represent a copyright infringement.

Notes for Elected Members

NATURE OF COUNCIL'S ROLE IN DECISION MAKING

Advocacy:	When Council advocates on its own behalf or on behalf of its community to another level of government/body/agency.
Executive/Strategic:	The substantial direction setting and oversight role of the Council such as adopting plans and reports, accepting tenders, directing operations, grants, and setting and amending budgets.
Legislative:	Includes adopting local laws, town planning schemes and policies.
Administrative:	When Council administers legislation and applies the legislative regime to factual situations and circumstances that affect the rights of people. Examples include town planning applications, building licences and other decisions that may be appealable to the State Administrative Tribunal.
Review:	When Council reviews a decision made by Officers.
Information:	Includes items provided to Council for information purposed only that do not require a decision of Council (that is for 'noting').

ALTERNATIVE MOTIONS

Councillors wishing to make alternative motions to officer recommendations are requested to provide notice of such motions in written form to the Chief Executive Officer prior to the Council meeting.

DECLARATIONS OF INTERESTS

Elected Members should fill in Disclosure of Interest forms for items in which they have a financial, proximity or impartiality interest and forward these to the Presiding Member before the meeting commences. Section 5.60A of the *Local Government Act 1995* states;

"a person has a financial interest in a matter if it is reasonable to expect that the matter will, if dealt with by the local government, or an employee or committee of the local government or member of the council of the local government, in a particular way, result in a financial gain, loss, benefit or detriment for the person."

Section 5.60B states;

"a person has a proximity interest in a matter if the matter concerns –

(a) a proposed change to a planning scheme affecting land that adjoins the person's land;
or

(b) a proposed change to the zoning or use of land that adjoins the person's land; or

(c) a proposed development (as defined in section 5.63(5)) of land that adjoins the person's land."

Regulation 34C (Impartiality) states;

"interest means an interest that could, or could reasonably be perceived to, adversely affect the impartiality of the person having the interest and includes an interest arising from kinship, friendship or membership of an association."

MEETING DATES

At its Ordinary Meeting of Council on 28 October 2021, Council adopted the following meeting dates for 2022;

Thursday	9 December 2021	5.30 pm	Council Chambers, Derby
January			Council in Recess
Thursday	24 February 2022	5.30 pm	Council Chambers, Derby

Thursday	24 November 2022	5.30 pm	Fitzroy Crossing
Thursday	8 December 2022	5.30 pm	Council Chambers, Derby

Council's Compliance and Strategic Review Committee and the Commercial Committee meet when required. Details of these meetings are advised as appropriate.

APPLICATION FOR LEAVE OF ABSENCE

In accordance with Section 2.25 of the *Local Government Act 1995*, an application for leave requires a Council resolution granting leave requested. Council may grant approval for Leave of Absence for an Elected Member for ordinary Council meetings for up to but not more than six consecutive meetings. The approval of the Minister is required for leave of absence greater than six ordinary Council meetings.

This approval must be by Council resolution and differs from the situation where an Elected Member records their apologies for the meeting. A failure to observe the requirements of the Act that relates to absence from meetings can lead to an Elected Member being disqualified should they be absent without leave for three consecutive meetings.

12.1 WESTERN AUSTRALIAN LOCAL GOVERNMENT ASSOCIATION BEST PRACTICE GOVERNANCE REVIEW

File Number: 4209

Author: Jamie Bone, Senior Governance Officer

Responsible Officer: Amanda Dexter, Chief Executive Officer

Authority/Discretion: Administrative

SUMMARY

The Western Australian Local Government Association (WALGA) is in the process of undertaking a Best Practice Governance Review (BPGR) to ensure its governance model is contemporary, agile and maximises engagement with their members.

A significant amount of work has been completed by WALGA, and subsequently summarised in the 'BPGR Background Paper' (Attachment 1), all of which has been undertaken by the Projects Steering Committee.

As a result of the work undertaken, five governance model options have been designed and consequently outlined in a consultation paper which has been distributed by WALGA and attached to this report, titled 'BPGR Consultation Paper – Model Options'.

WALGA has requested the five governance model options are reviewed, considered and assessed by its members, after which they are to provide feedback in the form of a Council decision, on the governance model options presented.

This report recommends that WALGA Governance Model Option Number 5 (vis. current model/no change) will be the most suitable option, providing the best overall suitability for the Shire of Derby West Kimberley through their ongoing relationship with WALGA.

BACKGROUND

The Western Australian Local Government Association (WALGA) developed its Corporate Strategy 2020-25, and in doing so identified a key strategic priority, being to undertake a Best Practice Governance Review (BPGR). The objective of the review is to ensure WALGA's governance and engagement models are contemporary, agile, and maximise engagement with members. Other drivers for the review included:

- Misalignment between key governance documents; Constitution, Corporate Governance Charter, State Council Code of Conduct, and Standing Orders – stemming from varying amendments;
- State Council's 3 September 2021 resolution requesting amendment to the Constitution to "deal with matters related to State Councillors' Candidature for state and Federal elections";
- Proposed legislative reforms to remove WALGA from being constituted under the Local Government Act 1995 (WA); and

- Constitutional requirements for WALGA to become a registered organisation under Industrial Relations Act 1979 (WA), which would enable WALGA to make applications in its own right to the Western Australian Industrial Relations Commission.

In March 2022, State Council commissioned the BPGR and established a Steering Committee to guide the review.

The BPGR Steering Committee had its first meeting on 5 May 2022. There was wide-ranging discussion on WALGA’s current governance model, the need to engage broadly with the membership, and opportunities for change.

Through the course of the project undertaken by the BPGR Steering Committee to develop the governance model options for presentation to their membership, the following actions were undertaken:

- **Jurisdictional Analysis** – BPGR Steering Committee conducted assessments against WALGAs equivalent jurisdictional associations, creating an understanding of their governance arrangements in comparison to WALGA. WALGA’s assessment of the associations focused on providing insights into the size of their boards, method of election of President, and method of election of Board Members.
- **Comparator Organisations** – BPGR Steering Committee compared WALGA’s governance arrangements to five comparator organisations. This comparison provided key insights into the size, election process and recent governance changes of the five chosen comparator organisations.
- **Governance Model Principles** – BPGR Steering Committee developed governance model principles, which provide a structure for understanding how the current governance model of WALGA, and any future governance model will align to these principles.

The work undertaken by the BPGR Steering Committee has led to the development of five governance model options for consideration by Council. The five options are identified in the ‘BPGR Consultation Paper – Model Options’ (attached), where an officer assessment is provided for Council’s information.

CONSULTATION

No further consultation outside of Council feedback is required and/or requested by WALGA for consideration.

COMMENT

WALGA's BPGR Steering Committee has produced five governance model options for consideration by the Councils of its member local governments, requesting feedback in the form of a council decision.

The five options are detailed in the attached 'BPGR Consultation Paper – Model Options', and can be summarised as follows:

Option 1 – Two tier model, existing Zones	Option 2 – Board, Regional Bodies	Option 3 – Board, Amalgamated Zones	Option 4 – Member elected Board, Regional Groups	Option 5 – Current Model
 Board (11 members) 8 elected from Policy Council, incl. Board elected President Up to 3 independents	 Board (11 members) 8 elected from Regional Bodies, incl. Board elected President Up to 3 independents	 Board (15 members) 12 elected from Zones, incl. Board elected President Up to 2 independents	 Board (11 members) 8 elected via direct election, incl. Board elected President Up to 3 independents	 State Council (25 members) 24 State Councillors 1 President
 Policy Council (25 members) 24 members plus President	 Regional Bodies (4 metro, 4 country)	 Zones (6 metro, 6 country)	 Policy Teams / Forums / Committees	 Zones (5 metro, 12 country)
 Zones (5 metro, 12 country)	 Policy Teams / Forums / Committees	 Policy Teams / Forums / Committees	 Regional Groups	 Policy Teams / Forums / Committees

An officer assessment has been undertaken, taking into consideration how each of the five options may impact the Shire of Derby/West Kimberley. The below table outlines the results of that assessment:

Be

Option	Assessment			
	Best Capacity for WALGA to understand the unique nature of SDWK and Kimberley?	Best capacity to represent and prosecute issues relevant to SDWK?	Best capacity for SDWK/Kimberley to directly engage with WALGA(at a Strategic/Board Level)	Best overall value based on a state-wide view of how WALGA could best operate.
Option 1 - Two tier model, existing Zones		Less direct regional representation	Less capacity to influence the Board	
Option 2 - Borad, Regional Bodies	Less direct regional representation	Much less direct regional representation	Much less capacity to gain Board membership	
Option 3 - Board, Amalgamated Zones		Less direct regional representation	Less capacity to gain board membership	
Option 4 - Member elected Board, Regional Groups	Much less direct regional representation	Much less direct regional representation	Much less capacity to gain board membership	
Option 5 - Current Model				
Table				
Preferred				
Less Preferred				
Not Preferred				

It is the officer's opinion that no single one of the governance model options provide the best overall capability. Taking into primary consideration what is the best outcome for the Shire of Derby/West Kimberley, it is thought that the current governance model WALGA have in place (vis. Option 5) is the superior option. With this in mind, it should be noted this current governance model is unwieldy and inefficient at its Board level. It is also dated, and therefore should be considered for review when you look at that model from a WALGA and a whole of state perspective.

Whilst Council should not hesitate to remain with the current option if it believes this will be the best fit for the Shire of Derby/West Kimberley, similarly, it might conclude that a change, if only to "try something different", should not be discounted entirely either.

Should Council consider an option away from the current governance model in place, it is the opinion of the officers that Option 1 is worth considering. This is based on the following:

- it retains the zones that are already in place, so that direct input and the opportunity to meet with regional peers is maintained;
- it introduces a *Policy Council* that provides a research capacity and advocacy for input into the Board; and
- it brings in a smaller more workable Board that includes independent members.

Regardless, Council are encouraged to review the material supplied by WALGA (attached), and select any option which will provide the best overall value in their opinion for the Shire of Derby/West Kimberley and its community.

RECOMMENDATION

That Council advise the Western Australian Local Government Association that its preference for the new WALGA Governance Model is Option 5 (Current system), as it believes the existing structure provides the best representation model for the Kimberley.

Best Practice Governance Review

1. Background, Approach and Timeline

Background and Approach

Background and approach that led to the development of the governance principles for the Best Practice Governance Review.

Background

The Western Australian Local Government Association (WALGA) developed its Corporate Strategy 2020-25, and in doing so identified a key strategic priority, to undertake a Best Practice Governance Review. The objective of the review is to ensure WALGA's governance and engagement models are contemporary, agile, and maximise engagement with members. Other drivers for the review included:

- Misalignment between key governance documents; Constitution, Corporate Governance Charter, State Council Code of Conduct, and Standing Orders – stemming from varying amendments.
- State Council's 3 September 2021 resolution requesting amendment to the Constitution to "deal with matters related to State Councillors' Candidature for State and Federal elections".
- Proposed legislative reforms to remove WALGA from being constituted under the *Local Government Act 1995 (WA)*.
- Constitutional requirements for WALGA to become a registered organisation under the *Industrial Relations Act 1979 (WA)*, which would enable WALGA to make applications in its own right to the Western Australian Industrial Relations Commission

In March 2022 State Council commissioned the Best Practice Governance Review (BPGR) and established a Steering Committee to guide the Review.

The BPGR Steering Committee had its first meeting on 5 May 2022. There was wide-ranging discussion on WALGA's current governance model, the need to engage broadly with the membership, and opportunities for change. At the meeting, five comparator organisations were identified to be used in a governance model comparative analysis. Steering Committee meetings 2 to 5 had a focus on the development of governance model principles.

This document

This document presents the key insights from the jurisdictional and comparator organisation analysis that supported the development of the governance principles. The final section presents the endorsed governance principles.

Jurisdictional Analysis – This section compares WALGA to equivalent jurisdictional associations (e.g. LGASA). This provides key insights into the size and election processes of WALGA compared to equivalent associations.

Comparator Organisations – This section compares WALGA's governance arrangements to five comparator organisations that were agreed at the BPGR Steering Committee meeting 1. This provides key insights into the size, election processes and recent governance changes of these five comparator organisations.

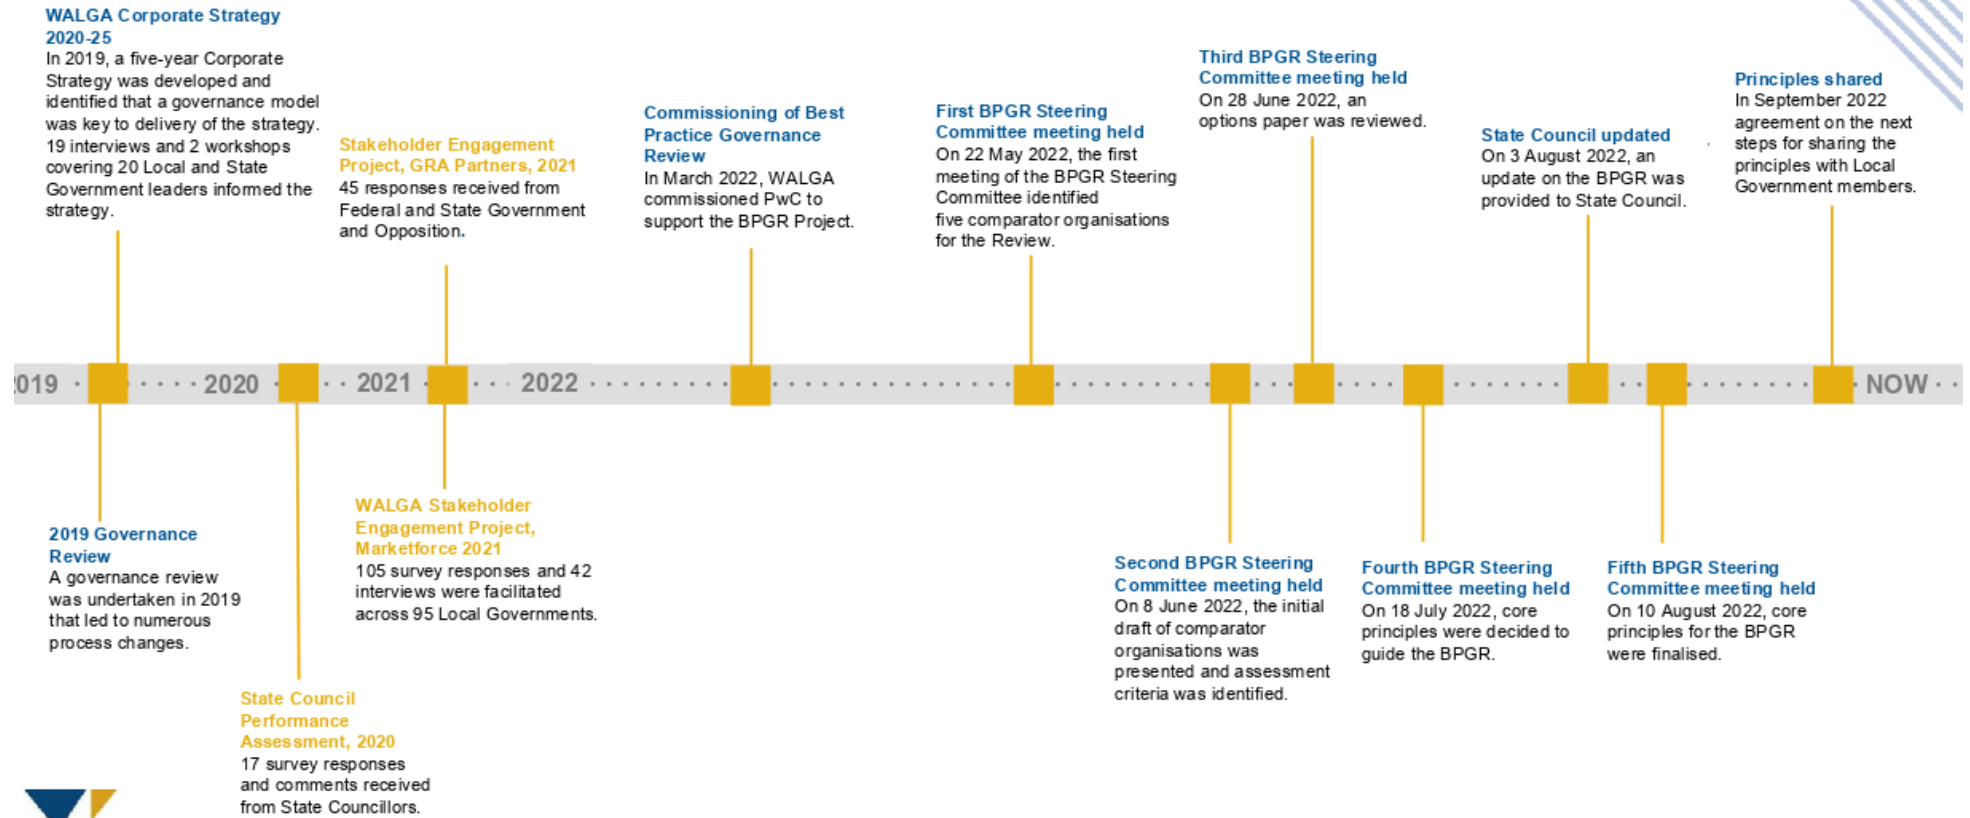

Governance Model Principles – The governance model principles were developed through BPGR Steering Committee meetings 2 to 5. This provides a structure for understanding how the current governance model of WALGA and any future governance model aligns to these principles.

The following slide outlines the timeline of key events and meetings that formed part of the BPGR.

2. Jurisdictional Analysis

Analysis: Jurisdictional equivalents to WALGA

Jurisdictional equivalents of WALGA have been analysed according to their size and election methods.

Background

Prior to the BPGR Project commencing in March 2022, work was undertaken to understand governance arrangements in other jurisdictions. The focus of this work was on associations from other Australian states, as well as New Zealand.

The full list of associations are:

- Local Government NSW (LGNSW)
- Municipal Association Victoria (MAV)
- Local Government Association of Tasmania (LGAT)
- Local Government Association of South Australia (LGASA)
- Local Government Association of Queensland (LGAQ)
- Local Government Association of Northern Territory (LGANT)
- Local Government Association of New Zealand (LGNZ)

The assessment of these associations focused on providing insights into the following domains:

- **Size of Board:** How many board members are there in comparison to the 25 WALGA board members?
- **Method of Election of President:** How is the President elected to the board?
- **Method of Election of Board Members:** How are board members elected?

Key Insights

Key insights following the comparison of WALGA to equivalent associations are outlined below:

- **Size of Board** – while WALGA's board (State Council) contains the largest number of representatives, it can be seen that boards of Local Government Associations tend to be relatively large. The average board size (using Queensland's policy executive, not board) is 15.4.
- **Method of Election of President** – WALGA is an outlier: all other Presidents are elected directly by the membership. Perhaps this is a reflection of the prevalence of Council elected Mayors and Presidents in WA.
- **Method of Election of Board Members** – The majority of associations use regional groupings (equivalent to our Zones) to elect board members. The New Zealand hybrid model of electing representatives from geographic zones and sector groups (metro, provincial, rural, regional) is of interest.

The following slide presents this information for each of the seven associations.

Best Practice Governance Review

3. Comparator Organisations

Comparator organisations

Comparison of WALGA's governance model to the governance models of five comparator organisations.

Background

The BPGR Steering Committee had its first meeting on the 5 May 2022. There was wide-ranging discussion on WALGA's current governance model, the need to engage broadly with the membership, and opportunities for change.

At the meeting, five comparator organisations were identified to be used in a governance model comparative analysis. The organisations were selected on the basis of their similarity to WALGA as WA member-based peak industry organisations.

The selected organisations were: Australian Medical Association (AMA) WA, Chamber of Commerce and Industry (CCI) WA, Chamber of Minerals and Energy (CME), Australian Hotels Association (AHA) WA and Pharmacy Guild (PG) WA Branch.

Process

WALGA supplied a range of background documents to assist in undertaking the initial desktop comparison. This included the Constitution, Corporate Governance Charter, Corporate Strategy 2020-2025, Standing Orders, Elected Member Prospectus, Flow Chart – WALGA Zone and State Council Process, Final Report – State Councils and Zone Structure and Process Working Group.

The documentation used for the comparator organisations were typically the:

- Constitution – which serves as the instrument for establishment of the association;
- Annual reports – which contains information about an association's performance over a 12-month period; and
- Organisational website – which may outline the structure and current composition of the board, council and the leadership team of the organisations.

Interviews were successfully arranged with three of the five organisations. They were AMA WA, CCI WA and CME WA. The document analysis and interviews provided insights into the size, election methods and recent changes within these organisations.

Key insights

Key insights through the comparison of WALGA to the five comparator organisations are outlined below:

- **Size of Board** – WALGA's board (State Council) was larger than all other comparator organisation's boards.
- **Election methods** – election methods varied across the comparator organisations but many involved election through the membership.
- **Change** – three of the five organisations had recently undergone changes or reviews of their governance structures. There were a range of drivers for this change including: to increase the decision making ability of the board; to use specific working groups to focus on specific topics of interest and to increase representativeness of specific groups (e.g. Aboriginal and Torres Strait Islanders).

The following slide presents summary information on the size and election methods of the five comparator organisations. This is then followed by more detailed background into each organisation, their governance structure and any outcomes from conversations with these organisations.

Summary: Governance structure analysis

WALGA's governance structure was analysed in comparison to five comparator organisations

Organisational Comparisons	Number of Board Members	President Elected by	Board Members elected by
WA Local Government Association (WALGA)	25	The Board	Zones
Australian Medical Association (AMA)	9	AMA WA Members	Members of the Association
Chamber of Commerce and Industry WA (CCIWA)	7 to 10	The Board	<ul style="list-style-type: none"> • Up to 12 elected by Members • Up to 8 appointed by the Board • Up to 8 appointed by the Council

Note: The Council, Branch, or Board chosen from the organisations above were chosen for how appropriate their structure is as a comparison to the WALGA State Council.

Organisational Analysis: Australian Medical Association (AMA) WA

With over 5,000 members, the AMA (WA) is the largest independent professional organisation for medical practitioners and medical students in the State. Total revenue and other income for AMA nationally in 2020 was reported as \$21,928,000.

Organisational Information

The AMA (WA) Board was created in 2017 and is comprised of the President, Immediate Past President, two Vice Presidents and five members of Council who are elected to sit on the Board (9 in total).

The AMA (WA) Council consists of four office bearers (President, Immediate Past President, two Vice Presidents). Additionally, there are the Specialty Group Representatives (e.g. General practice, surgery); Practice Group Representatives (e.g. rural doctors, public hospital doctors); Ordinary Council Members; and, Co-opted Council Members. Majority of the representatives and members represent their specialty (e.g. anaesthetics) or group of representative (e.g. medical student society).

The AMA Federal Council meets quarterly and is the AMA's main policy-making body. It is a forum to identify and debate emerging issues of relevance to the membership. The Federal Council's primary role is to: Form the policy of the AMA; Propose changes to existing policy; and Elect representatives to roles and committees. There is one State and one Area nominee from WA on the Federal Council.

The Leadership team consists of seven staff. CEO, CFO, COO, General Manager Training and Recruitment, Operations Manager, General Manager Financial Services and an HR manager.

Governance Structure*

The Board comprises of approximately 9 members.

The Board focuses on governance, managing the Association's conduct and business, and ensuring conformity with the constitution.

The Board may increase or decrease the number of Advisory Council members as needed. However, it currently has 4 members.

The General Council focuses on advocacy, policy making, and representation of the association.

The Board and Council is also supported by Specialty Group Representatives, Practice Group Representatives, Ordinary Council Members, and Co-Opted Council Members.

Outcomes of Organisation Discussion

- **Governance Review:** The 2020 annual report mentions that an organisation-wide review was undertaken with the transformation in the process of being implemented until March 2020 (COVID).
- **Representation:** It is more important to restrict the number of Board members than Councillors. Board members are involved in making policy and governance decisions, requiring a greater decision-making capability; Councillors are more involved in stakeholder engagement and solving specific issues through working groups, therefore Council size has less impact to efficiency and effectiveness of the model.
- **Engagement:** The president is the spokesperson when it comes to policy issues. Councillors represent the views of Specialty Groups, Practice Groups, and the medical profession as a whole.
- **Feedback on the current model:** Board members have previously taken the role because they are passionate, but do not necessarily have the right expertise, resulting in poor governance. Board members who have leadership and governance experience have proven to be effective in the updated model. The Board would benefit from an independent audit partner and increased diversity in specialty, a simplified purpose of the Board and Council Advisory, and a reduced number of meetings each year.

**The AMA WA Constitution does not specify the number of Board or Council members. Member numbers are indicative and have been taken from the current Board & Council.*

Organisational Analysis: Chamber of Commerce and Industry (CCI) WA

CCIWA is a not-for-profit member organisation providing information, professional services and support for businesses in Western Australia, with over 2,000 WA members. Total revenue and other income for 2021 was reported as \$34,270,130.

Organisational Information

The CCIWA operates as a company limited by guarantee. This came into effect on 11 January 2019. The change in status means that CCIWA is now incorporated under the *Corporations Act 2001* (Cth) rather than the State legislation covering incorporated associations.

Based on the constitution, the number of board members can be between 9-12 (including President & Vice President). The current board has only 6 members including the President and Vice President.

There is a General Council. The constitution states that Councillors can be up to certain numbers depending on who they were elected by. The resulting effect is a council that does not have consistent numbers of members and does not need to fill all positions. This is unlike WALGA's governance model where representatives are elected by zones.

The Board is responsible for the sound governance of the organisation, whereas the General Council provides input to the organisations policy; provides advice to the Board; acts as a point of interface; elects and appoints Council Elected Directors; and passes resolutions relating to specific handling of assets and raising and borrowing funds.

Governance Structure

The Board comprises of 9 – 12 members.

The Board focuses on strategic priorities, financial performance and compliance issues.

The General Council consists of up to 28 Councillors.

The General Council focuses on developing and being spokespersons on public policy frameworks and positions.

The governance structure is supported by bespoke working groups, formed from Councillors as relevant for specific strategic and policy issues.

Outcomes of Organisation Discussion

- **Governance Review:** CCIWA conducted a review of their 2018 Constitution, resulting in changes contained in the 2021 Constitution, including: The governance model was revised to increase the decision-making capability of the board; The structure of the General Council was determined to be too generic causing low Councillor attendance. After the review, Councillors were split into bespoke working groups for specific policy issues for the upcoming 12-month period. This resulted in higher councillor attendance, than the previous governance model.
- **Representation:** In the new revision of the constitution, two new types of Councillors were included to increase representation for their respective groups. Future Leader Councillors, from members of University business schools; and First Nations Business Councillors, elected from First Nations Members.
- **Feedback on the current model:** In the current governance model, when a board member leaves, a temporary team member is appointed since board members can only be elected in general meetings.

Organisational Analysis: The Chamber of Minerals and Energy (CME) WA

CME WA is the peak resources sector representative body in Western Australia whose member companies generate 95% of all mineral and energy production and employ 80% of the sector’s workforce in the State.

Organisational Information

The Corporate Governance Charter (Charter) provides guidance on the respective roles, responsibilities and authorities of members of the Executive Council (Executive Councillors) and members of the Advisory Board (Advisory Board Members) in setting the direction, management and control.

The number of Vice Presidents is determined by the Executive Council, the constitution contains no limit on the number of Vice Presidents and so the number of Vice Presidents is excluded from the diagram to the right.

Executive Councillors are elected by Ordinary Members, and there can be no less than 10.

The Role of the Advisory Board is to act as a traditional board providing strategic oversight on behalf of the Chamber. Key interface with the Executive Management Team on organisational matters, including strategy, operating accounts, governance and risk.

Governance Structure

Advisory Board comprises of 5-10 members.	The Advisory Board provides strategic oversight and acts as the key interface with the Executive Management team on strategy, operating accounts, governance and risk.
Executive Council (10+ members).	The Executive Council most senior interface to guide and prioritise the agenda of the Chamber and its respective committees and holds final decision-making authority re: annual financial reports/statements.

The governance structure is supported by committees including bespoke working groups, appointed by Executive Council as relevant for specific strategic and policy issues.

Outcomes of Organisation Discussion

- **Governance Review:** CME recently engaged in a governance review. In April 2020, CME put in place a governance charter. This codified processes and structures, clarified lines of accountability and included a director’s code of conduct.
- **Representation:** Members who express an interest, get a seat at the table for the Executive Council. There are approximately 60 ordinary members with 16-20 regularly attending council meetings. This group is intended to provide a litmus check that the broader membership needs are being met.
- **Engagement:** Although the board is strongly engaged in the work and responsibilities it holds, there is the varying engagement of the executive council – this is broadly because due to the large array of issues it covers – the organisation would love to see stronger engagement in this area.
- **Feedback on the current model:** Based on the age of the organisation, the current pyramid structure works. This is successful largely due to the governance charter which provides clarity in role and structure for the organisation.

Organisational Analysis: Australian Hotels Association (WA)

The Australian Hotels Association (AHA) represents more than 5,000 members across Australia serviced by a network of branches based in every state and territory, plus a Canberra-based National Office. Total revenue and other income for AMA nationally in 2020 was reported as \$2,257,963.

Organisational Information

AHA was founded in 1892 and now represents more than 80% of the Western Australian hotel and hospitality industry.

The organisation has a branch in each state and territory, including a division in each branch known as the National Accommodation Hotels Division. The organisation and each of its branches have their own set of rules by which they are governed. However, ultimate authority is deferred to the National Board of the organisation.

All issues and opportunities are addressed by The Branch Committee of Management (The Branch). Consisting of six ordinary members, elected by members of the branch, and the president from each of the Territorial and Non-Territorial Divisions of the Branch. This includes a President, Senior Vice President, Vice President, Treasurer, Accommodation President and Country Representative. The President, Senior Vice President (SVP) and Vice President (VP) are elected by The Branch.

AHA developed a subsidiary known as 'Tourism Accommodation Australia (TAA)'. TAA publicly represents and lobbies specifically for accommodation hotels separately from the AHA's general hospitality members. However, membership to both AHA and TAA is granted to accommodation properties. There are 11 Divisional Presidents – 7 represent different Areas/Regions and 4 represent different membership groups.

Governance Structure*

Branch Committee of Management has 6 Ordinary members & the president of each Territory/Non-Territory Division (11). Focuses on staff remuneration/conditions, branch transactions, disbursements, funds and resolves delegated Commonwealth industrial disputes.

There is no council or other governing entity to provide support to the Branch Committee of Management.

Relevance to WALGA BPGR

AHA was contacted to schedule an interview; however, there was no response following multiple requests. The following insights have been made by research on their publicly available governance information and documentation.

- **Composition:** Similar to WALGA's State Council, the AHA Governance structure only has one governing entity, The Branch Committee of Management. The number of branch members (17) is smaller than WALGA (25).
- **Responsibilities:** The AHA Branch Committee of Management is responsible for financial activities; however, the Rules document does not mention that they are responsible for activities that other comparator organisations governing entities are, such as policy creation or ensuring compliance.
- **Lack of compliance with constitution:** The Rules of the AHA WA Branch document acts as the Association's constitution. However, there are many conflicts between the governance structure in the Branch Rules document, and the governance structure depicted on AHA WA's website. For example, in the document the supreme governing body of the Branch is the Branch Committee of Management, whereas on the website it is the Executive Management team. Additionally, there is no mention of a board in the Rules document, but there is a Board of Management on the website.

**The governance structure has been taken from the Rules of the AHA WA Branch document instead of the current governance structure depicted on the website, due to conflicting information.*

Organisational Analysis: Pharmacy Guild (WA Branch Focus)

Pharmacy Guild supports over 5,800 pharmacies across Australia. It is broken up into Territory Branches with more than 600 pharmacies as members in WA (est. 2017).

Organisational Information

The Pharmacy Guild's WA Branch's Annual Report can only be viewed by Members of the Organisation.

The Branch consists of the Branch Executive, and the Branch Committee. Where the Branch Executive consists of the Branch President, Branch Vice President(s) and the National Councillor(s). Additionally, in the Branch Executive, the position of Branch President and Vice President can also be held by a National Councillor, resulting in different numbers of Branch Executives between states.

The National council has the power to determine and direct policy, settle disputes, control the national fund, appoint an auditor and other activities relating to being the supreme governing entity.

The constitution does not specify who exactly elects the Branch President, or the Branch Vice Presidents, only that they are elected from the Branch. Whereas Branch Committee Members are elected by financial members in that region.

The Branch and the National Council shall appoint their own auditor. Resulting in potential conflicts of interest, as hypothetically the Branch and the National Council can appoint an auditor who audits in their favour.

Governance Structure*

Branch Executive consists of 2 – 6 Executive Members.	All powers and functions of the Branch Committee between meetings of the Branch Committee.
Branch Committee consists of 7 - 14 committee members (excluding the Branch executive).	Control the Branch fund, decide the agenda for and attend special meetings.

There is only one governing entity in WA for Pharmacy Guild, however the WA Branch consists of National Councillors, from the National Council which is the supreme governing body for the Pharmacy Guild. However, the Branch Committee can create subcommittees to carry out particular functions.

Relevance to WALGA BPGR

Pharmacy Guild WA was contacted to schedule an interview; however, they responded that they do not have time to discuss their governance model. The following insights have been made by research on their publicly available governance information and documentation.

- **Representation:** The interests of members are represented by the Branch Committee Members who are elected by the financial members of the same regions. Additionally, the interests of the National Council are represented in Branches by the National Councillors appointed in each Branch.
- **Composition:** The governance structure of the Branches of the Pharmacy Guild is adaptable to the needs of the Branch. Since the Branch Committee members can decide the number of Committee members needed in their branch, they can do so based on the needs of the Branch at any point in time, making the composition and size of the Branch adaptable to emerging needs. Also, the creation of additional branches and amalgamations of current branches is up to the decision of the National Council, enabling the National Council to alter the composition of the governance model nation-wide as needed. Branches can also create subcommittees as needed.

**Since the number of members in governance entities is mentioned in the Constitution, the numbers have been estimated based on the current membership as per the Guild's website.*

4. Governance Principles

Development of Governance Principles

BPGR Steering Committee (SC) meetings and how they lead to the development of the proposed governance principles.

BPGR Steering Committee meetings

The BPGR Steering Committee (SC) was established by State Council to guide the review. SC Meetings 2 through to 5 acted as key inputs into the development of the Governance Model principles. The focus of SC Meetings two through to five led to the development of the governance principles.

SC Meeting 2 - On 8 June 2022, the initial draft of the comparator organisations and their governance structures was presented. The SC identified four assessment criteria for the purposes of assessing potential governance models. The assessment criteria were: (1) representation, (2) efficiency, (3) contemporary, and (4) sustainable. An Options Paper was then developed, using the assessment criteria against two governance model options.

SC Meeting 3 - On 28 June 2022, a discussion of the DRAFT Options Paper took place. The SC decided that a workshop was required to take a step back and develop the core governance principles (rather than assessment criteria) that needed to underpin any future governance model for WALGA.

SC Meeting 4 - On 18 July 2022, the SC discussed the principles and identified four principles that should guide WALGA's governance. They were Representative, Responsive, Results Oriented and Renewal. Renewal was the principle that some SC members deemed as optional and is not included as a separate principle. Some elements of renewal are incorporated into the other three principles.

SC Meeting 5 - On 10 August 2022, the SC discussed and finalised the proposed principles. Discussion focused on the principle components and their likely governance implications. Several activities also occurred around this SC meeting. This include an update to State Council at the Information Forum on 3 August 2022, finalisation of principles on 17 August 2022 to inform AGM Item and finalisation of Agenda Item for 2022 AGM, including approval by State Council.

Key outcomes

The SC agreed on the proposed governance model principles, their component parts and the implications of these principles. Specifically:

- **Principle definition** – the definition of each of the three principles.
- **Principle component** – the key component parts of each principle.
- **Principle component description** – a description of each principle component.
- **Governance implications** – the governance implications of each of the principle components.

The following slide presents the principles, their components and a description and their governance implications.

Endorsed Governance Principles

The principles for assessing WALGA's governance model options and governance implications

	Principle	Principle component	Component description	Governance implications
Representative	WALGA unites and represents the entire local government sector in WA and understands the diverse nature and needs of members, regional communities and economies.	Composition	The composition of WALGA's governance model represents Local Government members from metropolitan and country councils.	The governing body will maintain equal country and metropolitan local government representation.
		Size	An appropriate number of members/representatives oversees WALGA's governance.	Potential reduction in the size of the overarching governing body.
		Diversity	WALGA's governance reflects the diversity and experience of its Local Government members.	Potential for the introduction of a mechanism to ensure the governance model comprises an appropriate diversity of skills and experience.
		Election Process	Considers the processes by which WALGA's governance positions are elected and appointed.	Consideration of alternative election and appointment arrangements, with the President to be elected by and from the governing body.
Responsive	WALGA is an agile association which acts quickly to respond to the needs of Local Government members and stakeholders.	Timely Decision Making	WALGA's governance supports timely decision making.	WALGA's governance model facilitates responsive decision making.
		Engaged Decision Making	WALGA's Local Government members are engaged in decision making processes.	WALGA's governance model facilitates clear and accessible processes for Local Government members to influence policy and advocacy with consideration to alternatives to the existing zone structure.
		Agility	Considers the flexibility of WALGA's governance to adapt to changing circumstances.	WALGA's governance model is agile and future proofed for external changes.
Results Oriented	WALGA dedicates resources and efforts to secure the best outcomes for Local Government members and supports the delivery of high-quality projects, programs and services.	Focus	Considers the clarity and separation of responsibilities and accountabilities of WALGA's governance.	Governance bodies have clearly defined responsibilities and accountabilities, with the capacity to prioritise and focus on strategic issues.
		Value Added Decision Making	Facilitates opportunities for value to be added to decision making.	Adoption of best practice board processes, and introduction of governance structures that are empowered to inform decisions.
		Continuous Improvement	Considers regular review processes for components of the governance model, their purpose and achieved outcomes.	WALGA's governance is regularly reviewed every 3 to 5 years to ensure the best outcomes are achieved for Local Government members.

Best Practice Governance Review

1. Introduction

Introduction

Background

The Western Australian Local Government Association (WALGA) developed its Corporate Strategy 2020-25, and in doing so identified a key strategic priority, to undertake a Best Practice Governance Review. The objective of the review is to ensure WALGA's governance and engagement models are contemporary, agile, and maximise engagement with members.

Other drivers for the review included: misalignment between key governance documents; constitution amendments for State Councillors' Candidature for State and Federal elections; and legislative reforms for the *Local Government Act 1995*, and for the *Industrial Relations Act 1979*.

In March 2022, State Council commissioned the Best Practice Governance Review (BPGR) and established a Steering Committee to guide the Review.

The BPGR Steering Committee had five meetings between 5 May 2022 and 10 August 2022. There was wide-ranging discussion on WALGA's current governance model, the need to engage broadly with the membership, and opportunities for change. Key outputs from the BPGR Steering Committee meetings included:

- Agreement on five comparator organisations – Australian Medical Association (AMA) WA, Chamber of Commerce and Industry (CCI) WA, Chamber of Minerals and Energy (CME), Australian Hotels Association (AHA) WA and the Pharmacy Guild (PG).
- Review of governance models of Local Government Associations in other Australian States and Territories, and New Zealand.
- Drafting of governance principles that will underpin future governance models.
- Finalisation of governance principles and principle components across the domains of: **Representative, Responsive and Results Oriented**.

These activities are outlined in more detail in the Background Paper.

This document

This document outlines:

Principles: The governance model principles and principle components across the domains of: Representative, Responsive and Results Oriented. The principles were endorsed at the WALGA AGM on 3 October 2022.

Governance model options: Presents four potential governance model options and the structure and roles associated with each option. The four options are:

- **Option 1:** Two tier model, existing zones
- **Option 2:** Board, regional bodies
- **Option 3:** Board, amalgamated zones
- **Option 4:** Member elected board, regional groups
- **Option 5:** Current model

Alignment to principles: Each of these options are then assessed as to whether they align with the principles and their components. The assessment considers the option and whether it meets, partially meets or does not meet the principle component. Alongside this assessment are some discussion points. An example of this relates to diversity.

Diversity is a component of the governance model being representative. Diversity here may include consideration of whether the governance model comprises an appropriate diversity of skills and experience. It also provides opportunity to consider whether the governance model provides opportunity for members of diverse backgrounds e.g. people of Aboriginal and Torres Strait Islander descent, people with Culturally and Linguistically Diverse backgrounds.

Within all the model options, direct relationship with WALGA and regional / subregional collaboration would continue to be encouraged.

Option 1 – Two Tier Model, Existing Zones

A description of the governance body structure and role for Option 1

Governance Body

Structure

Role

Board

11 members: 8 representative members elected from and by the Policy Council (4 Metro, 4 Country). The Board then elect the President from the representative members. The Board will appoint up to 3 independent, skills or constituency directors.

Meet 6 times per year. Responsible for governance of WALGA including strategy, financial oversight, policy development and endorsement, advocacy priorities, employment of CEO, etc.

Policy Council

24 members plus President. Members elected by and from the Zones (12 from 5 Metro Zones, 12 from 12 Country Zones).

Meet at least 2 times per year to contribute to policy positions and advocacy for input into Board, and to liaise with Zones on policy and advocacy. The Policy Council can form Policy Teams, Policy Forums and Committees, which would have responsibility for specific functions, such as policy development.

Zones

5 Metro, 12 Country.

Meet at least 2 times per year to raise policy issues, elect representatives to the Policy Council, and undertake regional advocacy and projects as directed by the Zone.

Option 2 – Board, Regional Bodies

Best Practice Governance Review

5. Consultation Process and Next Steps

WALGA Best Practice Governance Review

Consultation Process and Next Steps

Consultation Process

Council Position

Member Local Governments are asked to consider this paper and the governance model options put forward and provide a Council endorsed position to WALGA.

It is suggested that Councils endorse a preferred model (which could be the Current Model) and provide a ranking in terms of an order of preference.

Submissions to WALGA are sought by **23 December 2022**.

Supplementary Market Research

An independent market research company has been engaged to ascertain insights from Elected Members and Chief Executive Officers about WALGA's governance model. Qualitative interviews and a quantitative survey will be undertaken to supplement Council positions.

Workshops and Forums

Requests for presentations on the work undertaken by the Steering Committee and the model options, as well as facilitation of workshops and discussions will be accommodated where practicable.

Next Steps

Timetable

- Consultation and engagement with Members on this paper and governance model options will be undertaken from October 2022 until 23 December 2022.
- The Steering Committee will consider the outcomes of the consultation process during January 2023.
- A Final Report with a recommended direction will be the subject of a State Council Agenda item for the March 2023 State Council meeting.

BACKGROUND

In 2013 the Australian Government established a Royal Commission into Institutional Responses to Child Sexual Abuse (the Royal Commission). The Royal Commission was in response to community concern about widespread reports of Australian organisations failing to protect children and young people from sexual abuse.

The Royal Commission made 409 recommendations in response to their findings. The recommendations highlighted the importance of child safety through measures involving children and young people, parents and carers, families, and communities and emphasised that organisations working with children must be able to provide safe environments where the rights, needs and interests of children are met.

The recommendations of the report included;

- Implementation of child safe standards;
- Development of an independent oversight body to monitor and enforce the standards and to promote child safety across organisations;
- Development of the National Office for Child Safety, within the Department of Prime Minister and Cabinet, to ensure national consistency.

In the final report the Royal Commission identified ten (10) standards for making organisations 'child safe'. Child safe organisations are defined as "those which create a cultures, adopt strategies and take actions to prevent harm to children, including child sexual abuse". The principles identified are;

1. Child safety and wellbeing is embedded in organisational leadership, governance and culture.
2. Children and young people are informed about their rights, participate in decisions affecting them and are taken seriously.
3. Families and communities are informed and involved in promoting child safety and wellbeing.
4. Equity is upheld and diverse needs respected in policy and practice.

5. People working with children and young people are suitable and supported to reflect child safety and wellbeing values in practice.
6. Processes to respond to complaints and concerns are child focused.
7. Staff and volunteers are equipped with the knowledge, skills and awareness to keep children and young people safe through ongoing education and training.
8. Physical and online environments promote safety and wellbeing while minimising the opportunity for children and young people to be harmed.
9. Implementation of the national child safe principles is regularly reviewed and improved.
10. Policies and procedures document how the organisation is safe for children and young people.

In February 2019 the child safe principles identified by the Royal Commission were endorsed by the Council of Australian Governments (COAG) and are now referred to as the National Principles for Child Safe Organisations (the National Principles).

The Royal Commission stated that that all organisations should strive to be child safe, but it recommended that the following services should be required to implement the National Principles;

- accommodation and residential services for children;
- activities or services under the auspices of a religious denomination;
- childcare or childminding services;
- child protection services;
- activities or services where clubs and associations have a significant involvement by children;
- coaching or tuition services for children;
- commercial services for children;
- services for children with a disability;
- education services for children;
- health services for children;
- justice and detention services for children; and
- transport services for children.

In Western Australia the Department of Communities (DoC) and Department of Premier and Cabinet (DPC), in partnership with the Commissioner for Children and Young People (CCYP) are leading the implementation of the National Principles. Other Government Agencies, such as the Department of Local Government, Sport and Cultural Industries (DLGSCI) and the Ombudsman are involved in specific projects relating to the implementation.

Implementation of the National Principles is voluntary in Western Australia at the moment, however it is expected that this will become mandatory in the near future. Some of the Shire's Youth Services funding bodies have also asked for assurances the Shire is implementing the principles.

STATUTORY ENVIRONMENT

Western Australia currently has a voluntary approach to the implementation of the National Principles, whilst options for legally requiring implementation are developed. As such there is currently no legislation requiring the Shire of adopt the National Principles, however it is anticipated that there will be in the near future.

Some actions within the action plan are in direct response to specific pieces of legislation, including but not limited to;

- *Child and Community Services Amendment Act 2022 (WA).*
- *Parliamentary Commissioner Amendment (Reportable Conduct) Act 2022 (WA).*
- *Working with Children (Criminal Record Checking) Act 2004 (WA).*

The *Convention on the Rights of the Child* is an international human rights agreement to which Australia is a signatory. This convention underpins the National Principles.

POLICY IMPLICATIONS

The following Shire policies should be considered in relation to this report;

- ES3 – Fraud, Misconduct Control and Resilience Policy
- PC1 – Risk and Opportunity Management Policy
- PC2 – Occupational Safety and Health Policy

Some policies, such as the above, may require amendment in due course to ensure best practice and legislative compliance. The action plan also recommends the creation of a child safe organisation policy.

FINANCIAL IMPLICATIONS

The actions identified in the action plan are largely administrative and are therefore expected to be accommodated within the Shire’s operational budget. The focus on child safety to the extent required by the adoption of this plan may impinge officers’ to focus on other areas of work.

The State Government has indicated that some financial assistance may be made available to regional local governments as it has been acknowledged that they have reduced capacity to undertake the work and training required to effectively implement various child related initiatives. This will be investigated in due course.

CONSULTATION

The consultation process for the development of the plan included;

- One-on-one consultations with representatives from teams across the organisation;
- Participation in the Child Safety Community of Practice (local government officers network group facilitated by WALGA with a focus on child safety initiatives);
- Participation in webinars by relevant Government agencies;
- Desktop research by staff.

The Director Community Services was also involved in the co-design of the 'Child Safe Policy for Local Government' which will inform one of the recommended actions.

COMMENT

To support organisations implement the National Principles a number of resources have been developed by DoC, DPC and CCYP. One of these tools, the *National Principles for Child Safe Organisations WA: Self-assessment and review tool* (the audit), was designed to assist organisations rate their actions, culture and behaviours in relation establishing and sustaining a child safe and friendly organisation. The audit provides a mechanism for organisations to assess and document practices already in place, and then identify steps for improvement.

The community development team, in consultation with other relevant officers, completed the audit tool during 2022. The audit is provided as attachment one (1).

The audit has identified a number of opportunities for improvement. Whilst many actions are undertaken informally or because existing staff have knowledge in what to do there is a lack of documented processes to inform staff how to respond in a particular situation. The need for a greater focus on child safety during the recruitment and on-boarding of staff and volunteers was noted, along with having resources and training readily available to support staff in their work. Complaint handling processes, particularly in relation those involving children will require review to ensure they are compliant with mandatory reporting requirements. Program planning and risk management were also identified as opportunities for improvement, as was procedures around the use and storage of children's images.

To assist the organisation become 'child safe' a Child Safe Organisation Action Plan has been developed (provided as attachment two). This condenses the findings of the audit into a streamlined document with clear actions, responsibilities and timeframes.

The action plan is primarily focused on ensuring the Shire and its services, events, programs are child safe and internal procedures consider child safeguarding mechanisms. By focussing on the Shire's internal procedures in the first instance and ensuring these mechanisms are functioning efficiently officers will be better able to identify areas and opportunities that actually require future improvement. However, in recognizing the Shire's role as a leader within our community and responsibility to support our community it also includes some limited actions which will support build community capacity in this space as they too commence their journeys to become child safe organisations.

The child safeguarding environment is rapidly changing due to the roll out of the recommendations of the Royal Commission, with policy and legislative changes regularly occurring as well as new resources being constantly developed. As a result the plan was developed to cover a 12 month period, with a recommended action to develop a new plan prior to the completion of that 12 month period. This will also allow officers to accommodate future changes, as well as assess the Shire's position once the procedural changes are made.

One key recommendation in the action plan is the establishment of an internal working group who will be responsible for overseeing the implementation of the plan. Facilitated by the community development team, this cross-organisational group will meet on a regular basis to monitor the progress of the action plan, as well as consider changes and updates in relation to child safeguarding. By having representatives from a range of teams involved it will help imbed a child safe culture across the organisation. It will also provide an accountability framework to ensure continuous improvement.

Although the National Principles have not yet become a legislative requirement, implementing the proposed Action Plan will have the organisation well placed should this be introduced in the coming years.

National Principles for Child Safe Organisations WA: Self-assessment and review tool

Revised November 2019

Disclaimer

This tool is designed to assist a broad range of organisations in their efforts to become more child safe. Each organisation will need to consider the information in the tool and develop strategies and practices suited to its own specific needs, consistent with its duty of care.

This tool is provided in a Microsoft Word format so organisations can easily adapt to suit their own implementation and review purposes.

Recognising Aboriginal and Torres Strait Islander People

The Commissioner for Children and Young People WA acknowledges the unique contribution of Aboriginal people's culture and heritage to Western Australian society. For the purposes of this publication, the term 'Aboriginal' encompasses Western Australia's diverse language groups and also recognises those of Torres Strait Islander descent. The use of the term 'Aboriginal' in this way is not intended to imply equivalence between Aboriginal and Torres Strait Islander cultures, though similarities exist.

Introduction

The Commissioner for Children and Young People WA first released the *Child Safe Organisations WA Guidelines* and *Self-assessment and review tool* in April 2016.

The National Principles for Child Safe Organisations were developed by the Australian Human Rights Commission and agreed to by the Council of Australian Governments in February 2019, including the Premier of Western Australia. They provide a nationally consistent approach to embedding child safe cultures within organisations that engage with children and young people.

This self-assessment and review tool has been revised to make it clear for organisations in WA how it aligns to and reflects the ten National Principles and the key action areas within each principle.

Leaders of organisations, including board and committee members, chief executives, directors and managers, are responsible for creating and maintaining an organisational culture where the safety of children and young people is a priority.

An ongoing cycle of assessment, action and review will assist leaders to reflect on their effectiveness in implementing the child safe principles and to strive for excellence.

This self-assessment and review tool is designed to be used by organisations to:

- assess current organisational culture, behaviours and practices
- reflect on what the organisation is doing well
- identify action areas requiring development
- review progress over time
- highlight positive changes
- acknowledge challenges or barriers
- outline what still needs to be done.

This tool is to be used with the *National Principles for Child Safe Organisations WA: Guidelines* (2019) which provides additional information and examples of child safe practices. The guidelines and other Child Safe Organisations resources are available on the Commissioner's website at ccyp.wa.gov.au

How to use the self-assessment and review tool

This tool focuses on the key actions, culture and behaviours that are essential to establish and sustain a child safe and friendly organisation.

It is recommended the following steps are taken:

1. Consider and determine

- Who will complete the assessment/review? More than one person is best.
- Who will be involved in providing information on the practices?
- Which leaders will consider the findings and approve the actions and timeframes?

2. Assess and document

Rate how the organisation performs on implementing the principles and key actions using the following five-point scale:

1. Just beginning self-assessment and planning
2. Some progress, implementation of some aspects evident
3. Most but not all aspects of the action area are evident
4. All aspects of the action area are evident
5. All aspects of the action area are evident and regularly reviewed.

In rating the key action areas, consider the following:

- To what extent is the principle implemented?
- What can be seen and heard? The examples within each action area are a guide only, detail what your organisation has in place or plans to introduce.
- What do people say about the examples you provide (children and young people, parents, carers, staff and volunteers)?
- What is evidenced in the organisation's documents?

3. Identify and action

- Document the evidence (or what is in place) that supports the ratings.
- Articulate the next steps for improvement.
- Identify who will do the work.
- Set timeframes for achievement.
- Have the self-assessment and/or review ratings, actions and timeframes approved by leaders.

4. Monitor and review

- Use the review dates in the tool.
- Check on improvements identified in previous assessments and if actions were completed.
- Highlight positive changes.
- Learn from feedback, complaints and errors.
- Appraise all principles each time to ensure all are evident and working together.

Background

In 2013 the Australian Government established a Royal Commission into Institutional Responses to Child Sexual Abuse (the Royal Commission). The Royal Commission was in response to community concern about widespread reports of Australian organisations failing to protect children and young people from sexual abuse.

Following a five (5) year enquiry the Royal Commission handed down its final report in 2017. The report included 409 recommendations. These recommendations emphasized that children and young people, parents, carers, families and communities should feel confident that organisations working with children are providing safe environments where the rights, needs and interests of the child are met.

The National Principles of Child Safe Organisations

Recommendation 6.5 of the Royal Commission focused on the creation of what is now known as the National Principles of Child Safe Organisations (National Principles). The principles provide a national approach to the ensuring child safety. The ten (10) identified principles are underpinned by the Convention on the Rights of a Child and aim to provide a nationally consistent approach to creating organisational cultures that foster child safety and wellbeing.

The National Principles are:

1. Child safety and wellbeing is embedded in organisational leadership, governance and culture.
2. Children and young people are informed about their rights, participate in decisions affecting them and are taken seriously.
3. Families and communities are informed and involved in promoting child safety and wellbeing.
4. Equity is upheld and diverse needs respected in policy and practice.
5. People working with children and young people are suitable and supported to reflect child safety and wellbeing values in practice.
6. Processes to respond to complaints and concerns are child focused.
7. Staff and volunteers are equipped with the knowledge, skills and awareness to keep children and young people safe through ongoing education and training.
8. Physical and online environments promote safety and wellbeing while minimising the opportunity for children and young people to be harmed.
9. Implementation of the national child safe principles is regularly reviewed and improved.
10. Policies and procedures document how the organisation is safe for children and young people.

Western Australia currently has a voluntary approach to the implementation of the National Principles, however it is expected that this will become mandatory in the near future.

Progress so far

The Shire of Derby / West Kimberley has made some progress towards introducing child safeguarding strategies in the operational practices, however a recent audit identified a number of improvements that need to be considered or actioned.

Initiatives so far include;

- Participation in the National Redress Scheme for people who have experienced institutional child sexual abuse.
- Provided feedback to the discussion paper on the implementation of child safety officers in local government.
- Participation in the Co-design working group for a Child Safe Policy for Local Government.

- Participation in the Child Safety Community of Practice (local government officers network group facilitated by WALGA with a focus on child safety guarding);
- Desktop research and attendance to child safe-guarding webinars.
- Completion of the *National Principles for Child Safe Organisations WA: Self-assessment and review tool* (the audit).
- Development of this Child Safe Organisation Action Plan.

Action Plan

This action plan has developed to provide the Shire clear direction on actions to be undertaken to improve the child safety for those engaging with the organisation. Based on the ten National Principles the plan identifies short term, immediate actions to be undertaken. The plan covers the 2023 calendar year, with an action to develop a new plan at the end of the year.

The action plan is primarily focused on ensuring the Shire and its services, events and programs are child safe and internal procedures incorporate child safeguarding practices. However in recognizing the Shire's role as a leader within our community and responsibility to support our community it also includes some actions which will support build community capacity in this space as they too commence their journeys to become child safe organisations.

The recommended actions are largely informed by the audit recently undertaken, legislative requirements and desktop research of best practice. As various Government Departments implement the recommendations of the Royal Commission there may be need to add additional actions to the plan.

Accountability Framework

Within the action plan responsible teams are identified, along with timeframes and mechanisms for the on-going monitoring of the success of actions. This includes the development of a reporting tool which will be completed on a regular basis to monitor and report on progress.

To ensure accountability for the implementation of this action plan it is recommended that a cross-organisation internal working party is developed. This group, facilitated by Community Development, will consist of representatives from different teams and positions across the organisation who will work together to ensure the delivery of the actions. It is important for representatives from across the organisation are involved as it will;

- Facilitate the awareness of child safeguarding across the organisation.
- Encourage an organisational culture of child safeguarding.
- Ensure all teams have the opportunity to provide feedback on initiatives / actions / procedures that may impact them.
- Allows for a coordinated approach to implementing the actions, reducing the risk of multiple teams undertaking the same action independently.

Resourcing the Plan

Currently no financial resources have been allocated to the implementation of actions in the plan. In the initial stages the majority of initiatives are procedure based and are not expected to require resourcing. Any costs arising will be assessed on case by case basis as they arise, with the possibility of resourcing from operational budget.

It is expected the biggest impose will be human resourcing. The project will be facilitated by the Community Development team with one of the Team Leaders Community Development being appointed as the project lead and expected to spend significant time of the project.

It has been noted that some resourcing assistance may become available for regional local governments from the State Government. This, and other external funding opportunities, will be explored as the need or opportunity arises.

Principle 1:

Child safety and wellbeing is embedded in organisational leadership, governance and culture.

Key action areas identified in the National Principles;

- 1.1 The organisation makes a public commitment to child safety.
- 1.2 The child safe culture is championed and modelled at all levels of the organisation from the top down and the bottom up.
- 1.3 Governance arrangements facilitate implementation of the child safety and wellbeing policy at all levels.
- 1.4 A Code of Conduct provides guidelines for staff and volunteers on expected behavioural standards and responsibilities.
- 1.5 Risk management strategies focus on preventing, identifying and mitigating risks to children and young people.
- 1.6 Staff and volunteers understand their obligations on information sharing and record keeping.
