

(PC3) INJURY MANAGEMENT AND REHABILITATION

POLICY STATEMENT

It is a policy of the Shire of Derby/West Kimberley:

- a) To make provision for the injury management and rehabilitation of all workers who have sustained a compensable work related illness, injury or disability.
- b) To treat all workers with dignity and respect.
- c) To guarantee that all information is treated with sensitivity and confidentiality.
- d) To return the injured worker to the fullest capacity for gainful employment of which they are capable.

With this in mind, the 'Key Principles of Injury Management', as identified by *WorkCover*, will be adopted. They are:

1. Recognition that employers and injured workers are the primary stakeholders within the workers' compensation system.
2. Maintenance in or a safe return to work is the expected outcome.
3. Medical practitioners and employers play a central decision making role in the return to work of injured workers.
4. The focus of all services should be workplace based.
5. The injury management process should be transparent, cost efficient and effective.
6. Early intervention and pro-active injury management is critical in achieving return to work goals.
7. When vocational rehabilitation is required, all parties are involved in a process that is transparent and requires joint decision making.
